1965

BILL GAMAN

In Memoriam

Herbert G. Wyatt
May 30,1965

Mr. Herbert G. Wyatt, who served as Dean of Students and later as Assistant Headmaster from 1962 until his death May 30, 1965, will long be remembered by the students and friends of Christchurch School.

He was a distinguished scholar, a respected master, and a trusted friend who inspired students with a sense of self discipline, gentlemanly conduct, and educational achievement.

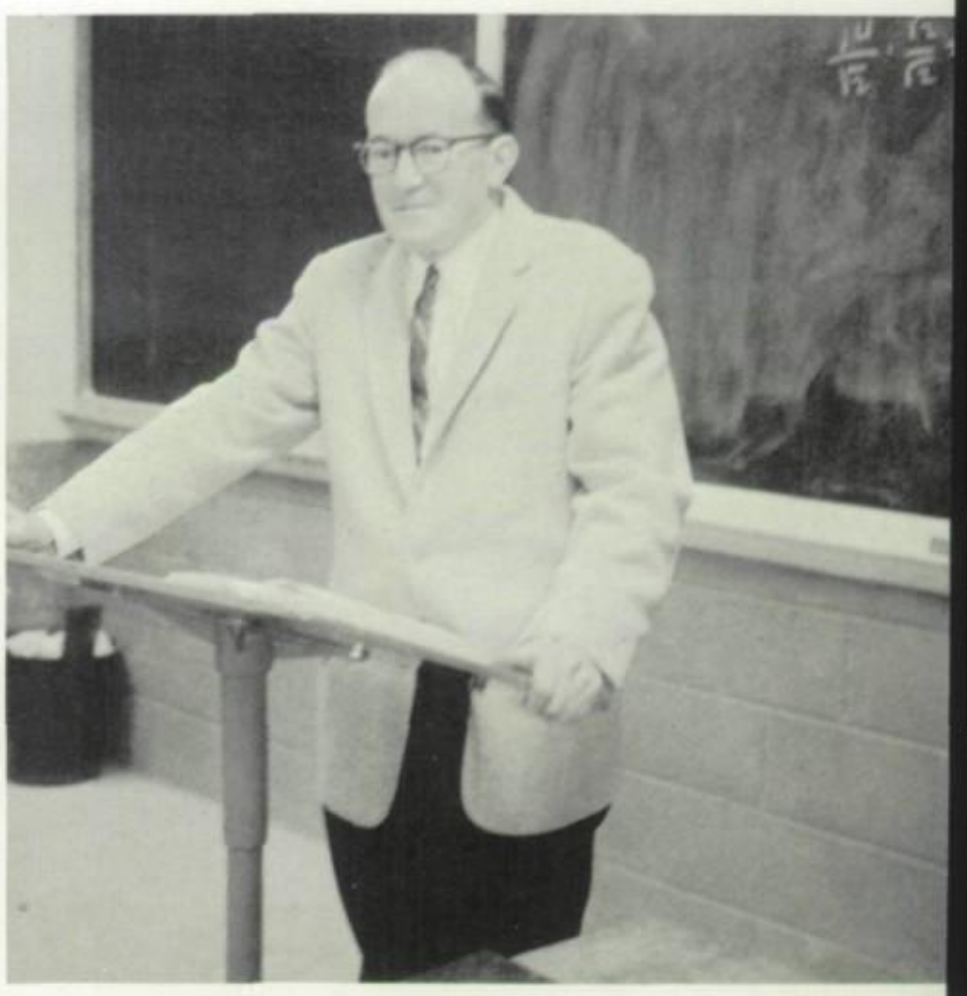
Dedication

Capt. Frederic D. Riley, Jr.

Because of the things you have done for us, the knowledge you have imparted unto us, the tomfoolery you have taken from us, and the friendship you have given us, we, the Class of 1965, dedicate this volume of TIDES to you, Capt. Frederic D. Riley, Jr.

This dedication is but a small token of our appreciation for the many things you have done, yet it is our only way of saying "Thank You." We hope you will remember us as we remember you—as a true scholar, gentleman, and friend.



"No, I don't have time for the submarine story today."

Administration

HEADMASTER

Robert M. Yarbrough, Jr.

We at Christchurch are proud of our School's evergrowing reputation as an institution of sound learning, good manners, and personal interest in the overall growth and development of each student. During 1964-1965, the School's forty-fifth year, the student body and faculty are enhancing greatly this reputation in which we take a justifiable pride.

I wish for each of our boys much success and happiness in the years to come. With special congratulations to our graduates in the Class of 1965, I urge you, Christchurch School's newest alumni, to strive diligently for the betterment of your fellowmen. I know that you will always be true to those Christian ideals which have provided a strong base for our work together.

Sincerely,

R. M. Yarbrough

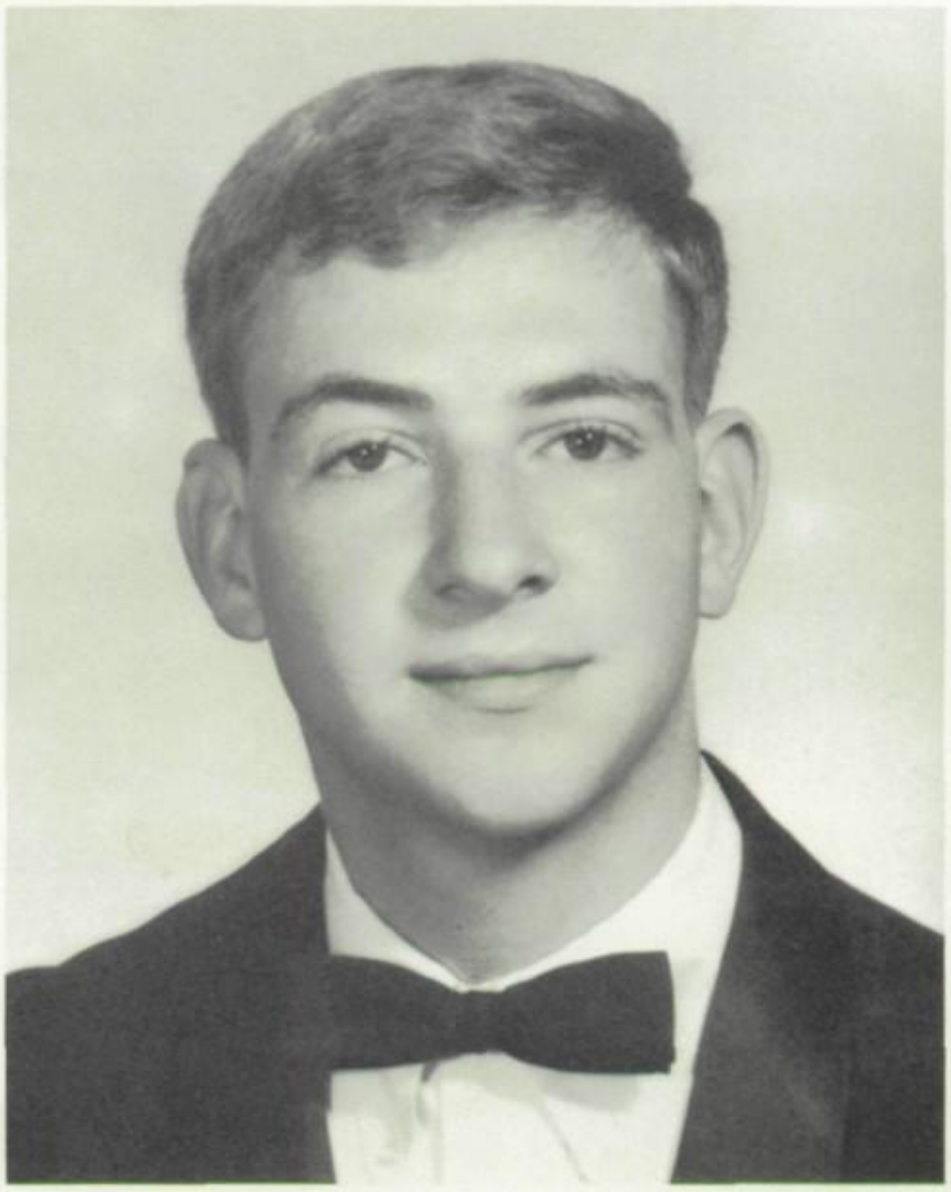
Arthur Pue Baer, II

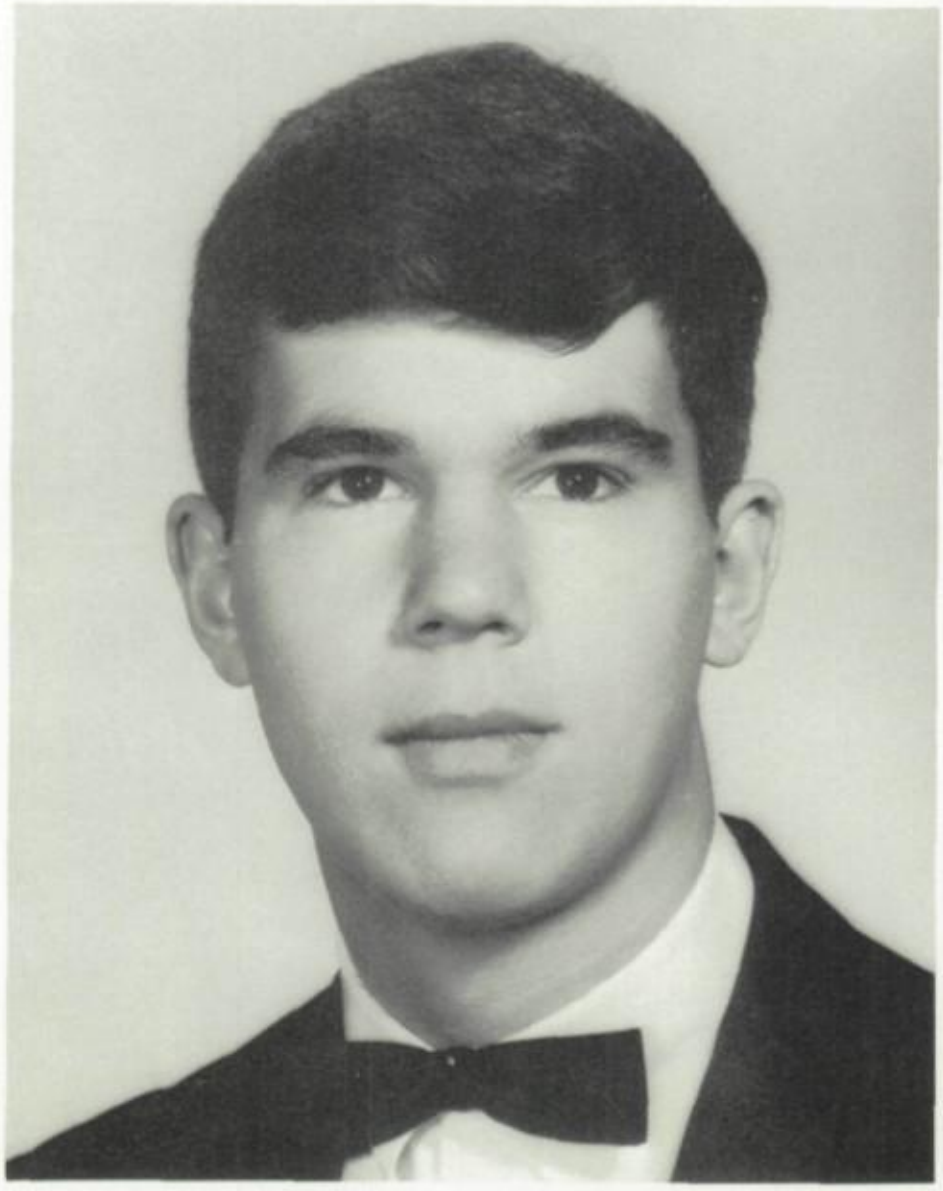
Edenton, North Carolina



Once upon a time, many years ago, six to be exact, there arrived at Christchurch a new student, in the form of one "Yogi" Baer. He now shares with Willson Craigie the distinction of being the last of the eighth graders (There were only ten to start with!). It seems that when he first talked with the Headmaster something was mentioned about a six year development program. Well, Yogi misunderstood the whole thing ...

As the years have gone by, Yogi has had plenty of time for extra-curricular activities. He has played Junior Varsity Football and Soccer; managed Varsity Soccer and Track; and lettered in Wrestling. He has at one time or other been a member of the Dramatics Club, the Varsity Club, and the Choir. He is now Chairman of the Social Activities Committee and Editor of the TIDES.

Yogi plans to enter the School of Forestry at N.C. State next year, regardless of the rumor that he is postgrading at St. Margaret's so as to be with Cris.

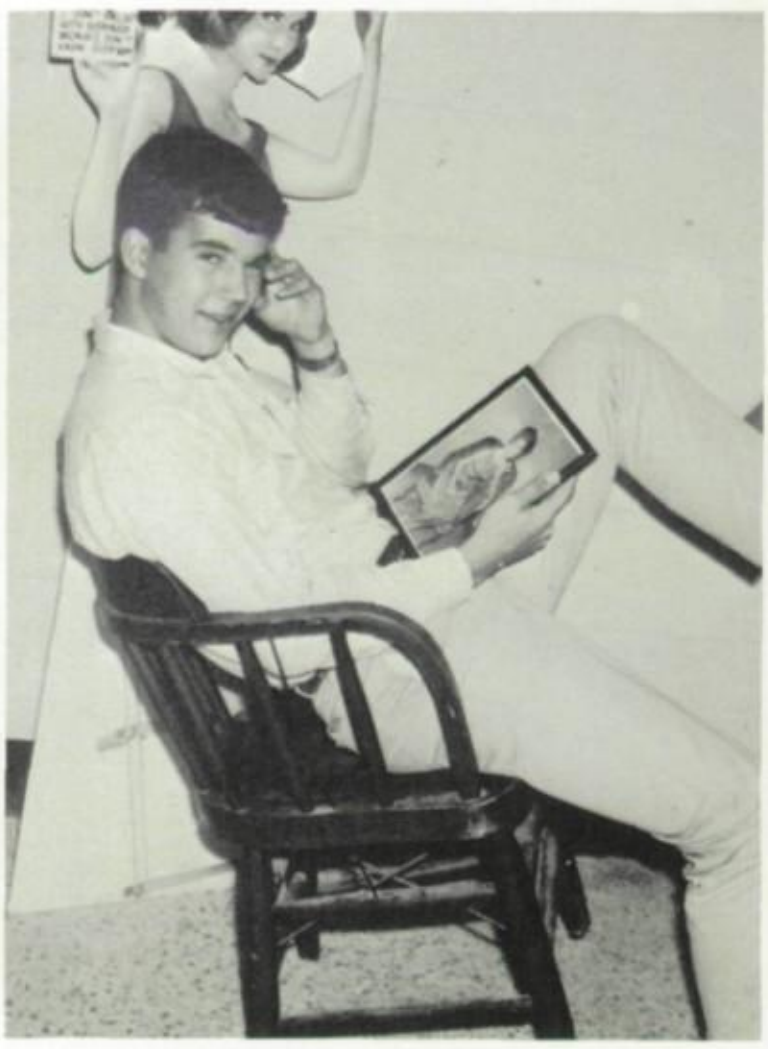


Douglas Robinson Barlow

Atlanta, Georgia

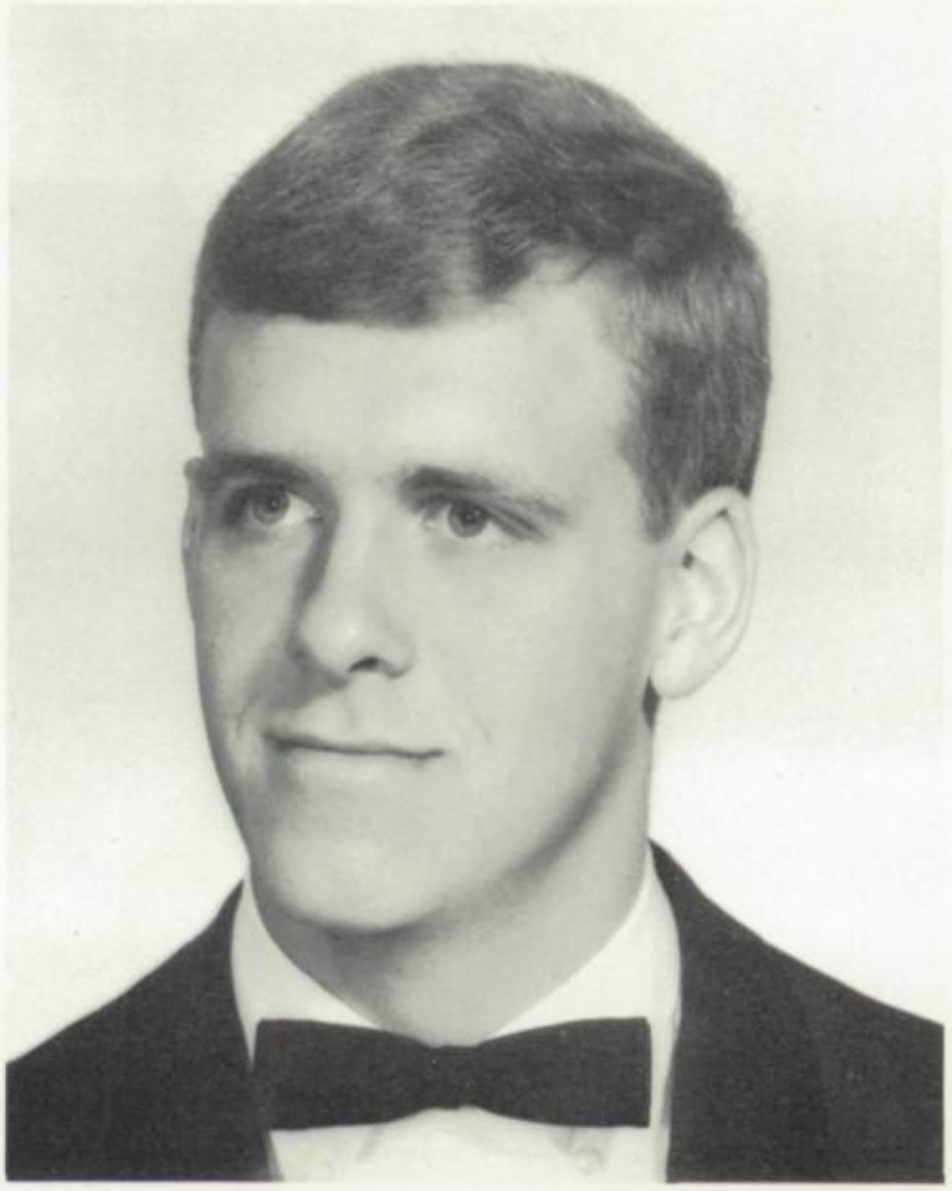
In Doug's two years at Christchurch, he has proved himself to be one of the most able students we have. He has maintained a Headmaster's List average and is the first Christchurch student ever to attain a a perfect score on the College Board Math exams. In his Junior year, he played J-V Soccer and worked diligently taking and developing pictures for the TIDES and THE SEAHORSE. For this work Doug received the Touchstone Jones Journalism Award. In his Senior year Doug has further proved his abilities as a student and leader through his work as a Monitor, a member of the Honor Council, a photographer; a member of the Social Activities Committee, and as J-V Soccer Assistant Coach.

Next year Doug will attend Georgia Tech in his home town of Atlanta and will spend most of his time at the Phi Delta House. Doug's one infirmity is the "Fairer Sex." When Doug is in love he will let a girl take the shirt right off his back.



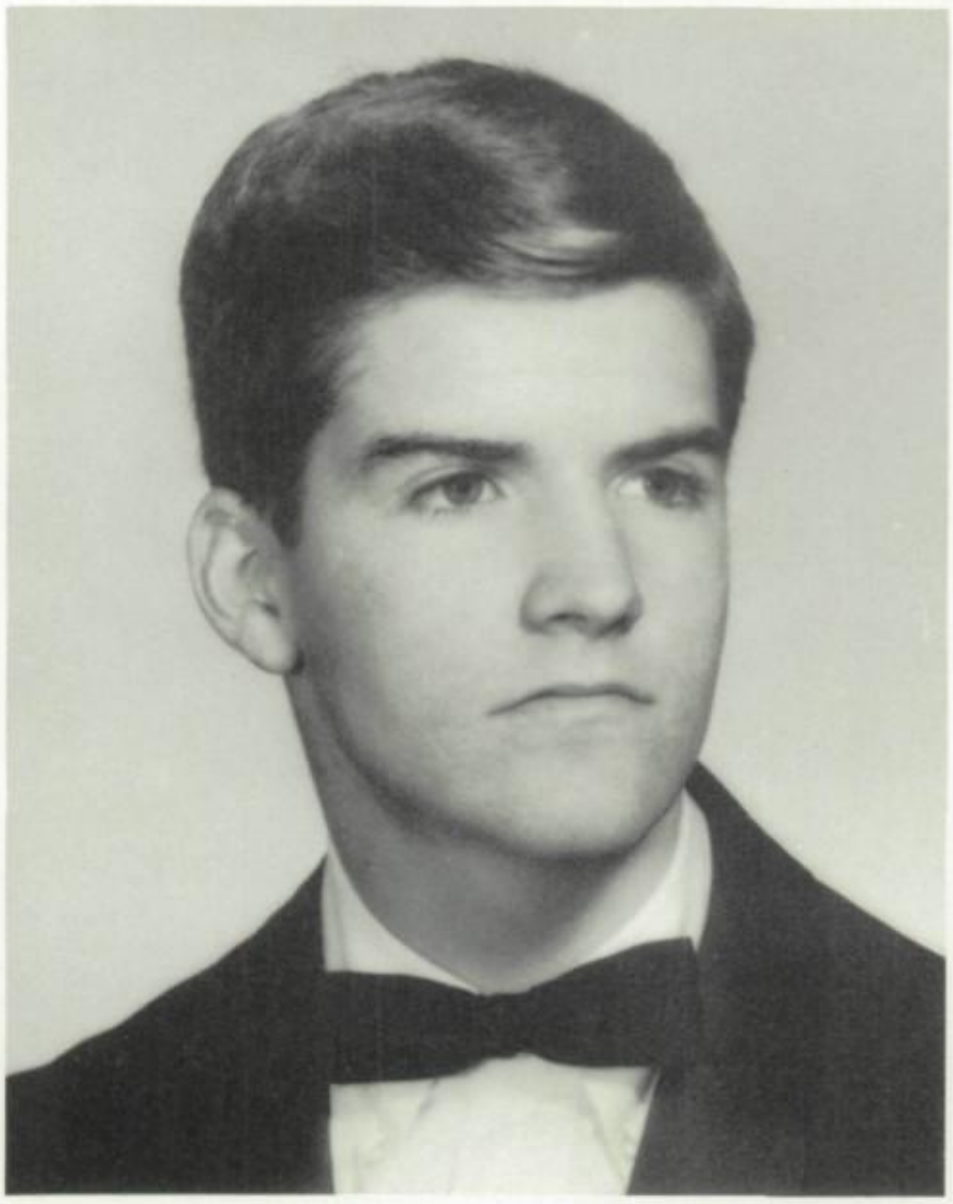
James Austin Boone

Chevy Chase, Maryland



Jim, better known to his friends as the "Ba-Boone," has been at Christchurch for three years. During his stay here he has participated in Varsity Football, Varsity Soccer, J-V Soccer, and the waterfront. Ba-Boone has been a member of the Varsity Club and the Choir, not to mention having been elected librarian for the choir, president of the Science Club, and Senior Warden. As if that was not enough, he also held the offices of Monitor for two years, was on the Honor Council for one year, and was a member of the Judiciary Board.

Ba-Boone has many hobbies for which he is well known, but he refuses to confess to any of them. When asked about college plans Jim said, "I hope to go!" His ambition is to do social work by which he may contribute to his community. We know that Jim has fulfilled his ambition here and will do it again.

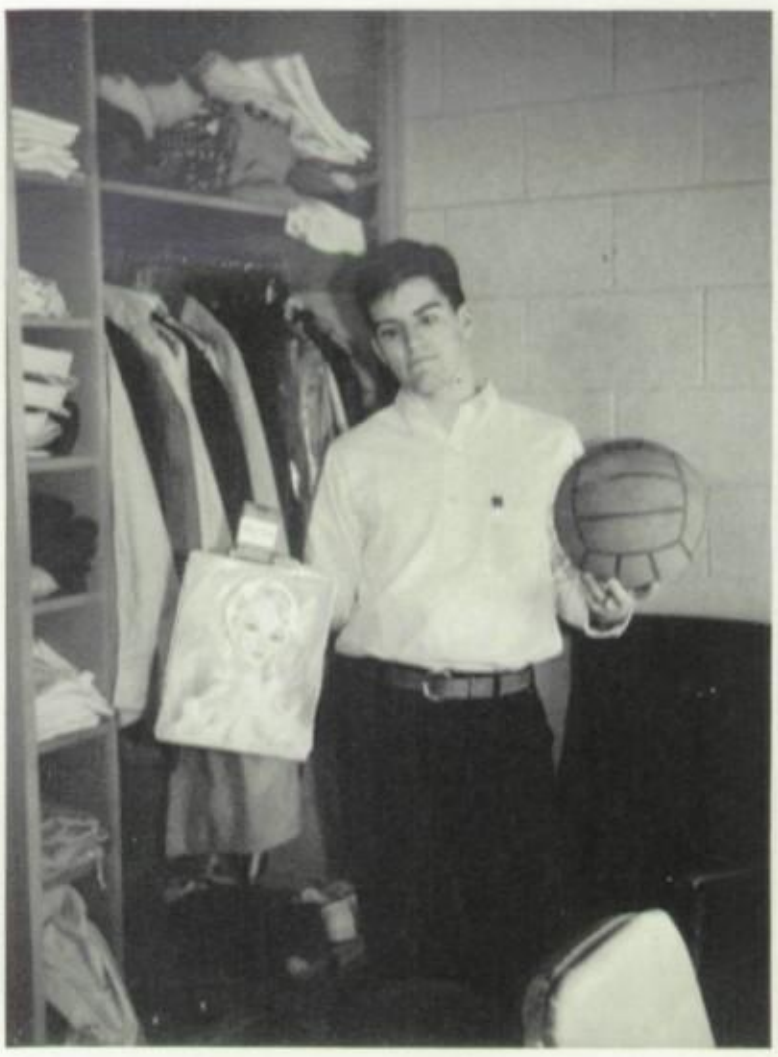


Wiley Thomas Buchanan, III

Washington, D.C.

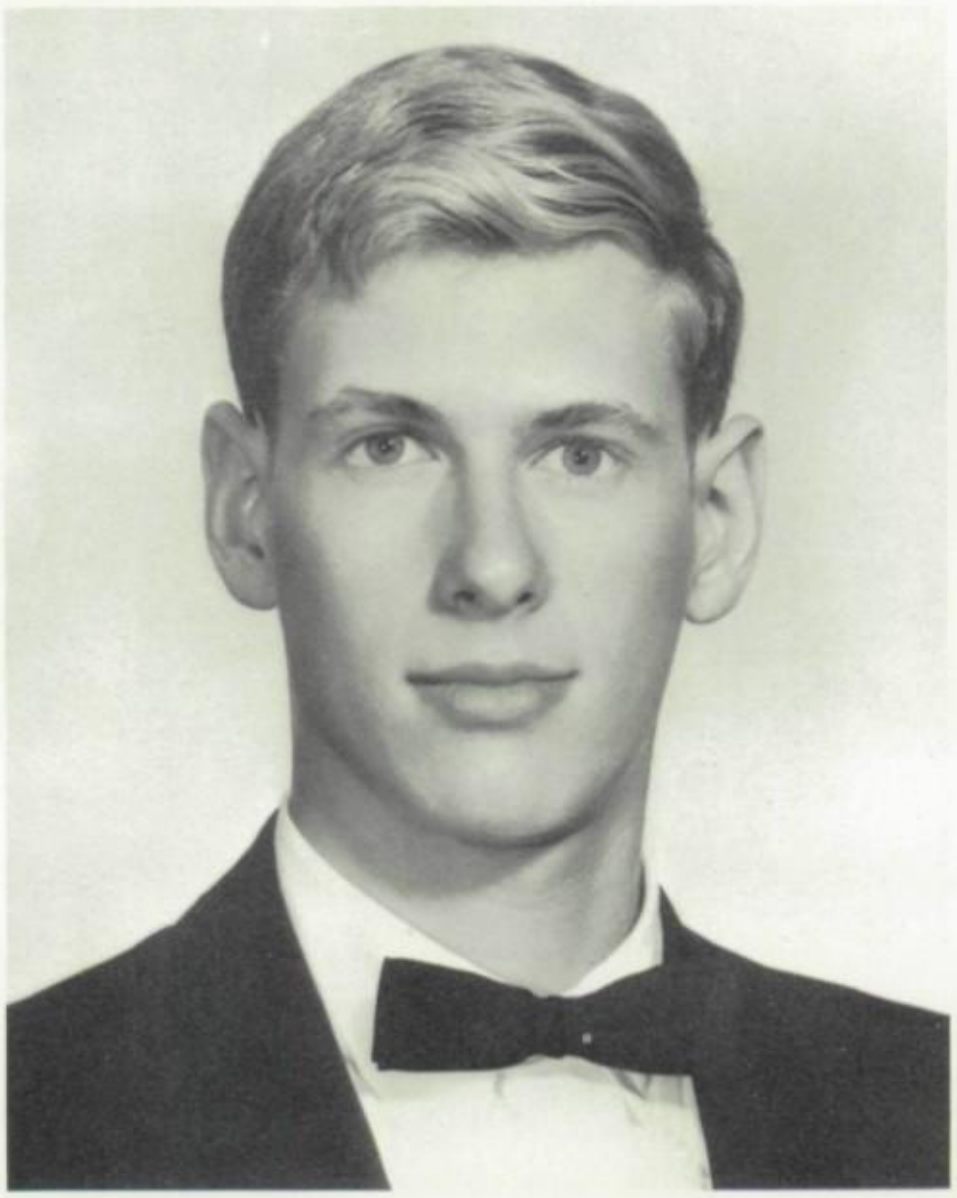
Bucky has honored Christchurch with his presence for two happy and prosperous years. Besides being an outstanding soccer player, he has been active in student activities, student government functions, the Honor Council, and Monitor Corps. Bucky has sung in the Choir and has written for the TIDES, but his real service is to the social activities committee. Buck has many meaningful hobbies, such as dragging his car, hunting, fishing, riding, swimming, and generally "goofing off." Buck's favorite pastime is procrastination which he practices a lot.

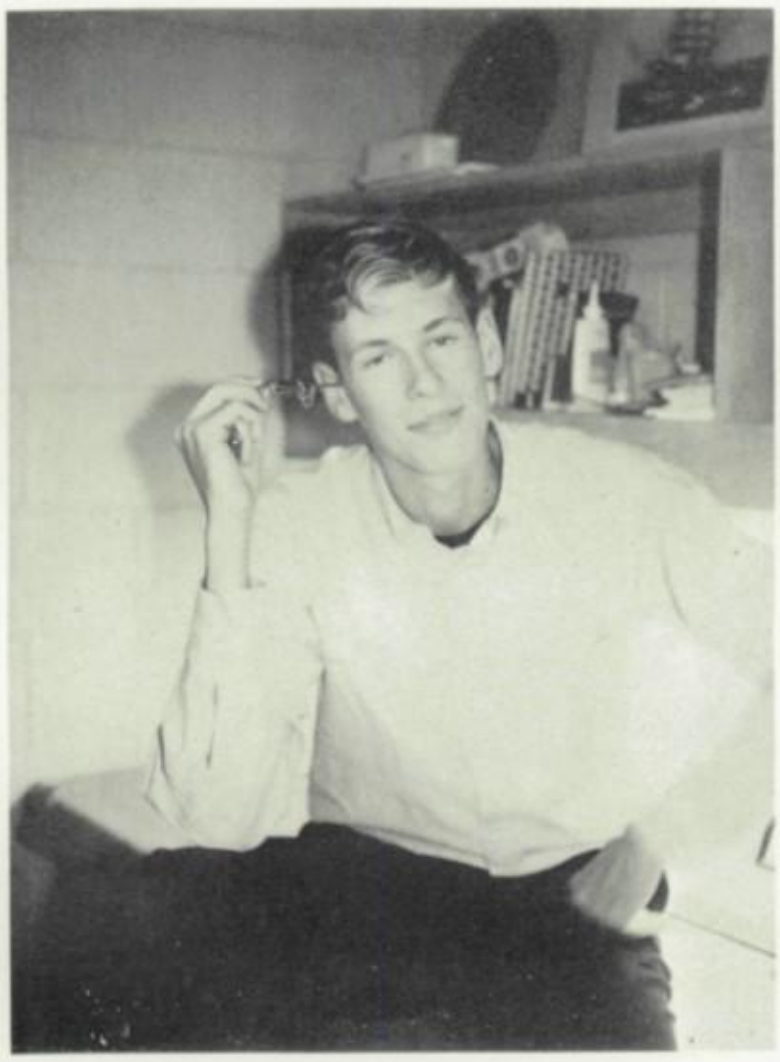
Buck has high hopes for the future and since his heart is in the South, he will probably spend the next few years in the southern climes. Bonne Chance!



Robert Harrison Burgess

Belize, British Honduras, C.A.

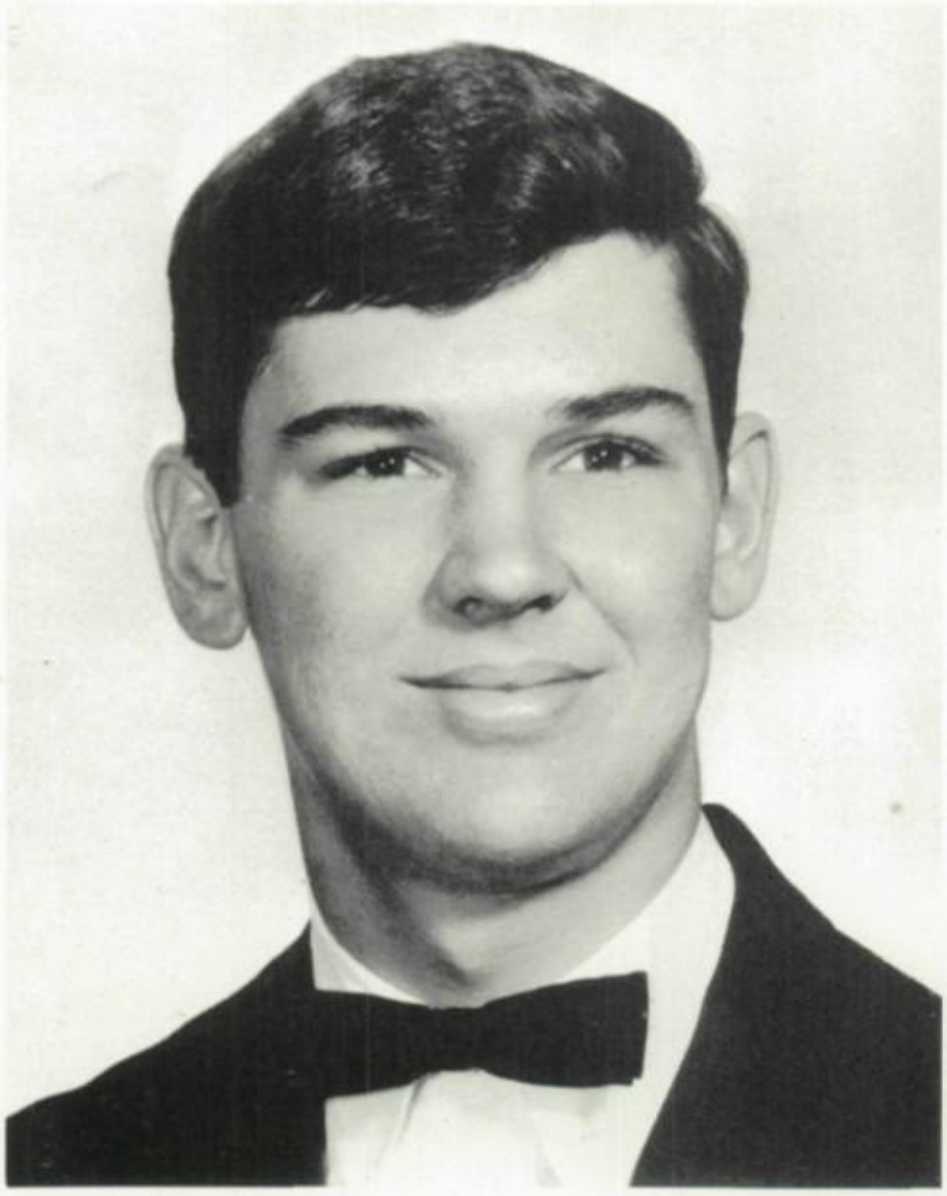




For the past three years, "Cowboy" Bob has served aptly as our representative from both Charlottesville and British Honduras. In his Sophomore year, he was the Co-Captain of the J-V Soccer Team and in his Junior and Senior years has been a part of the "Colonel's Boys" on the Varsity Soccer Team. He has demonstrated his other athletic abilities by being a part of the Tennis Club, the Cross-country Team, and the waterfront.

Bob has been a member of the Choir for his three years and was the Vestryman during his Senior year. He has been a member of the Science Club for two years and served as the Vice-president his Senior year. In addition to these activities, he has been in the Varsity Club for two years, and has worked with both THE SEAHORSE and the TIDES. He has helped with the social events by serving on the Social Activities Committee.

Bob, as a Headmaster's List student these last two years, hopes to go into foreign service after college.



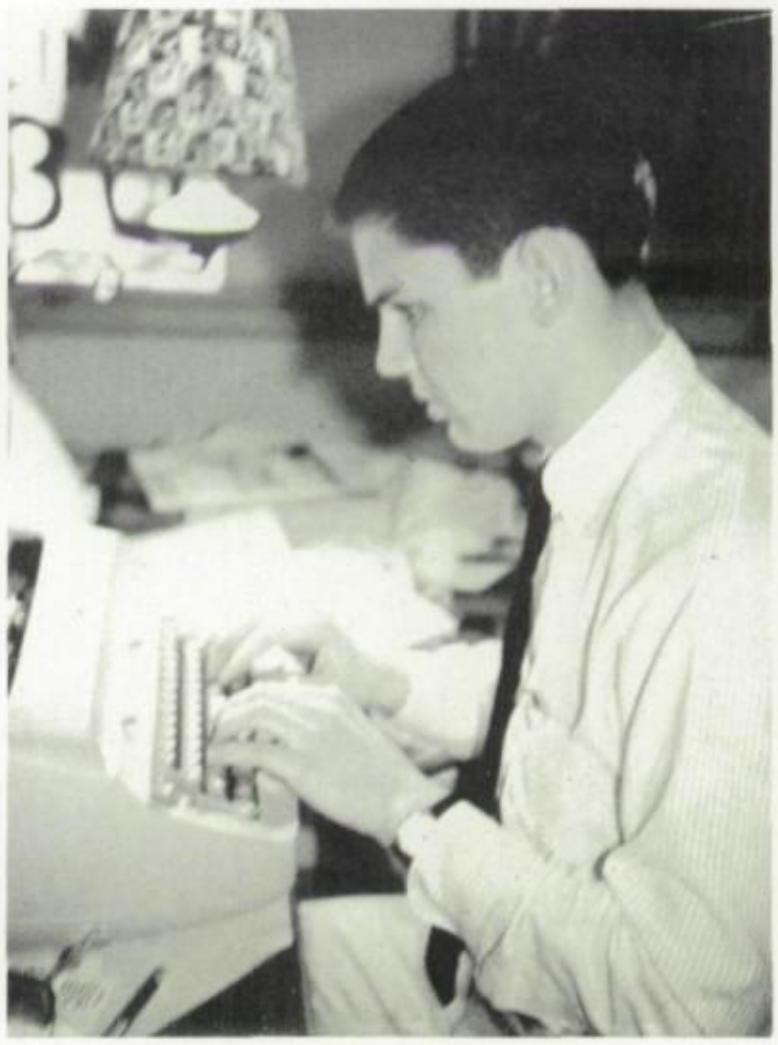
Frank Willson Craigie, Jr.

Richmond, Virginia

"Doc" Craigie, who has come to know Christchurch School almost as well as it knows itself, is one of two graduating after successfully completing the six year plan. Willson hopes to make Texas Christian University his next home.

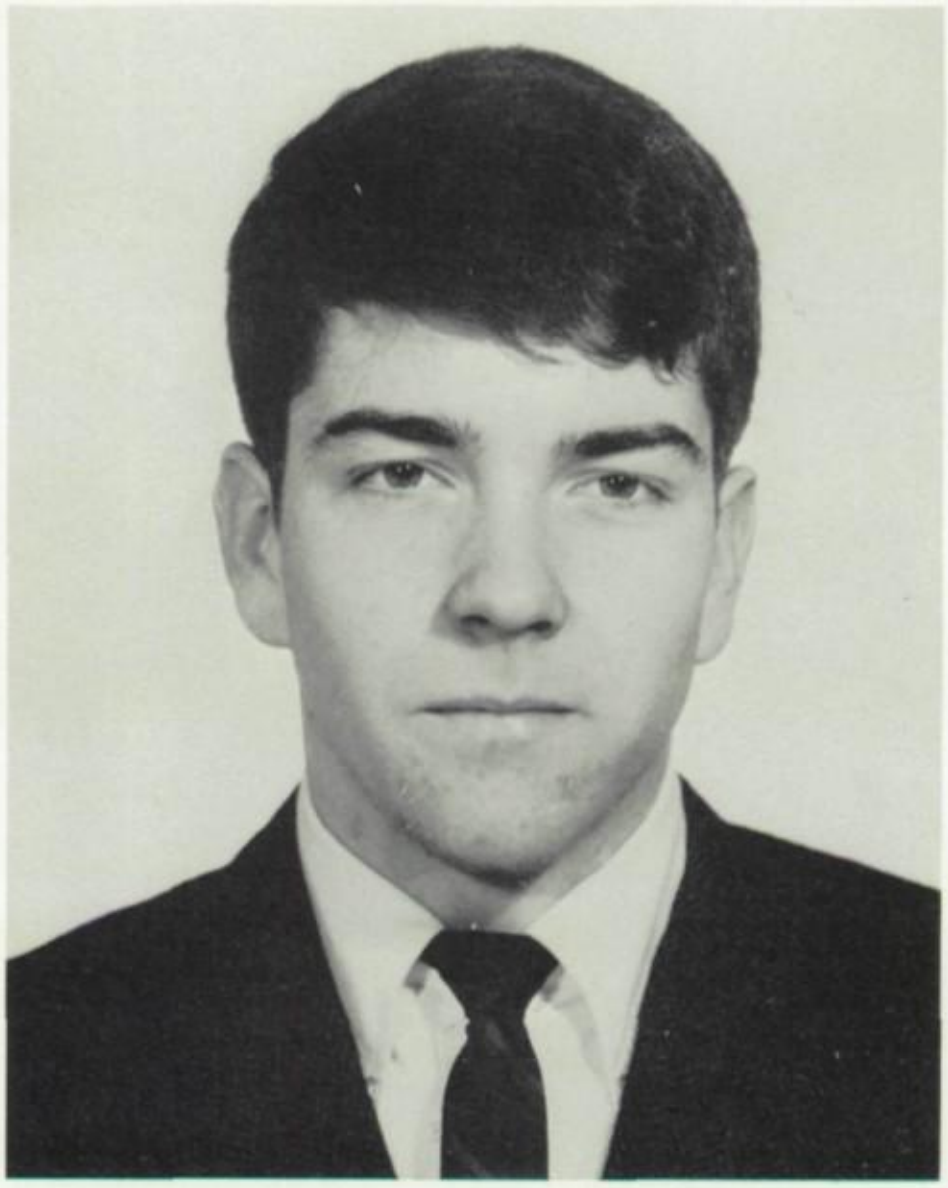
During his tenure here, Willson has managed to build a notable reputation both with the administration and the Richmond police. Ironically, this lead first tenor has played the tackle spot in Varsity Football for the past four years. He has served as President of the Choir for the last three years and has arranged numerous off-campus activities for that group. During the cold days, Willson has taken pleasure in roughin' it on the soccer field only to make the arrival of track season more auspicious. A prod by Mr. Taylor some four years ago put Willson on a 100 foot runway with a stick in his hands and a bar to get over. Each year since, he has managed to break his own record.

Aside from girls, choir, and athletics, Willson has served as a Monitor for two years. His high Senior Class standing promises achievement in the future.



John Cowles Dozier

West Point, Virginia

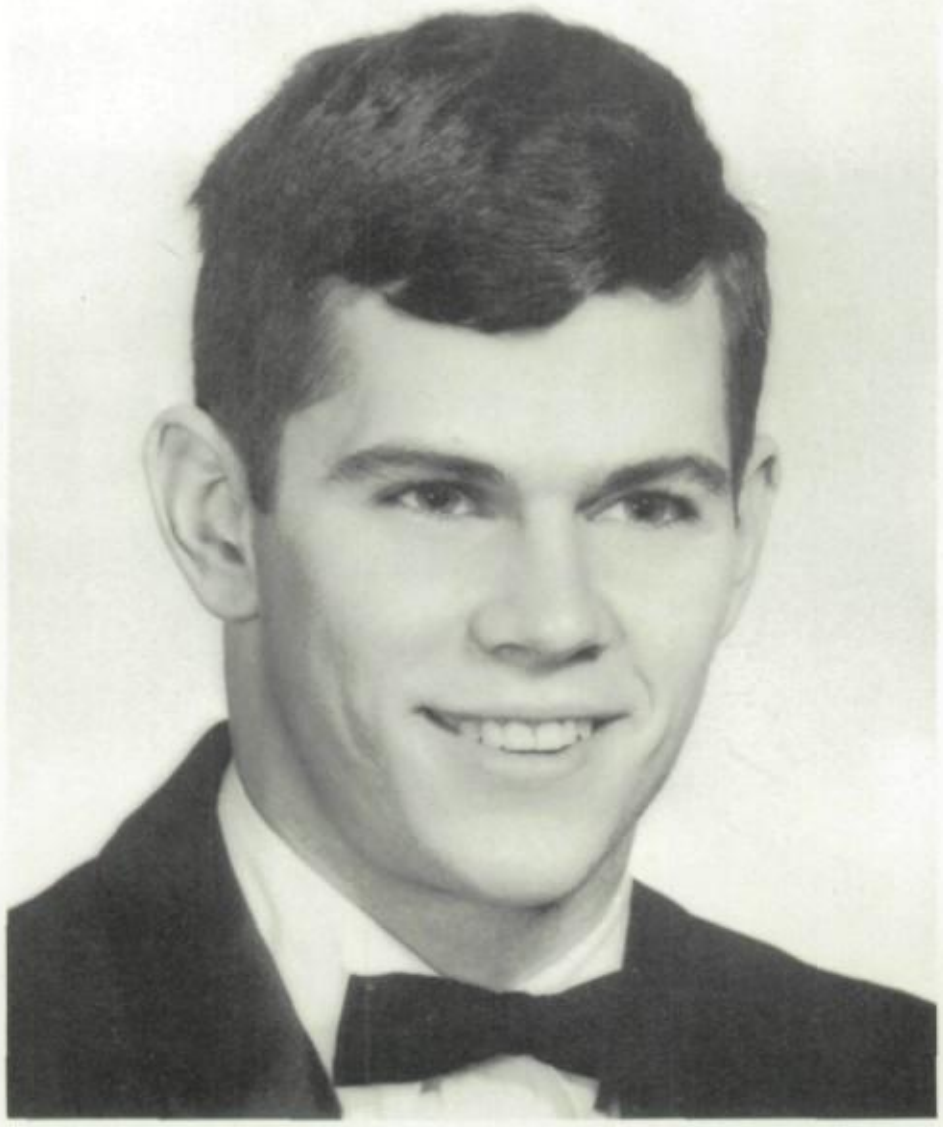


The Fall of 1960 produced a diminutive mirth-provoking urchin seeking refuge at Christchurch from the rigors of urban living in nearby West Point. During his first two years here, Jack added his numberous play boy characteristics to a famed clique of four.

For his sixteenth birthday, Jack gained a four-speed and quite a reputation with the automotive industry (and the fuzz). Never scoring below ninty-five per cent with the women, Jack has continually kept the social torch burning rather fervently. His impeccable taste and amiability have won him a score of steadfast firends.

Like several of his friends, Jack managed to stretch his tenure at Christchurch to five years (to satisfy the yearning of faculty members). Besides showing his ability on the soccer field and track, he joined the Choir and served as Vice-President his Senior year. In the same year Jack was also a Monitor.

We wish him the best of luck as he enters the college world.



Joseph Beverley Farrar, Jr.

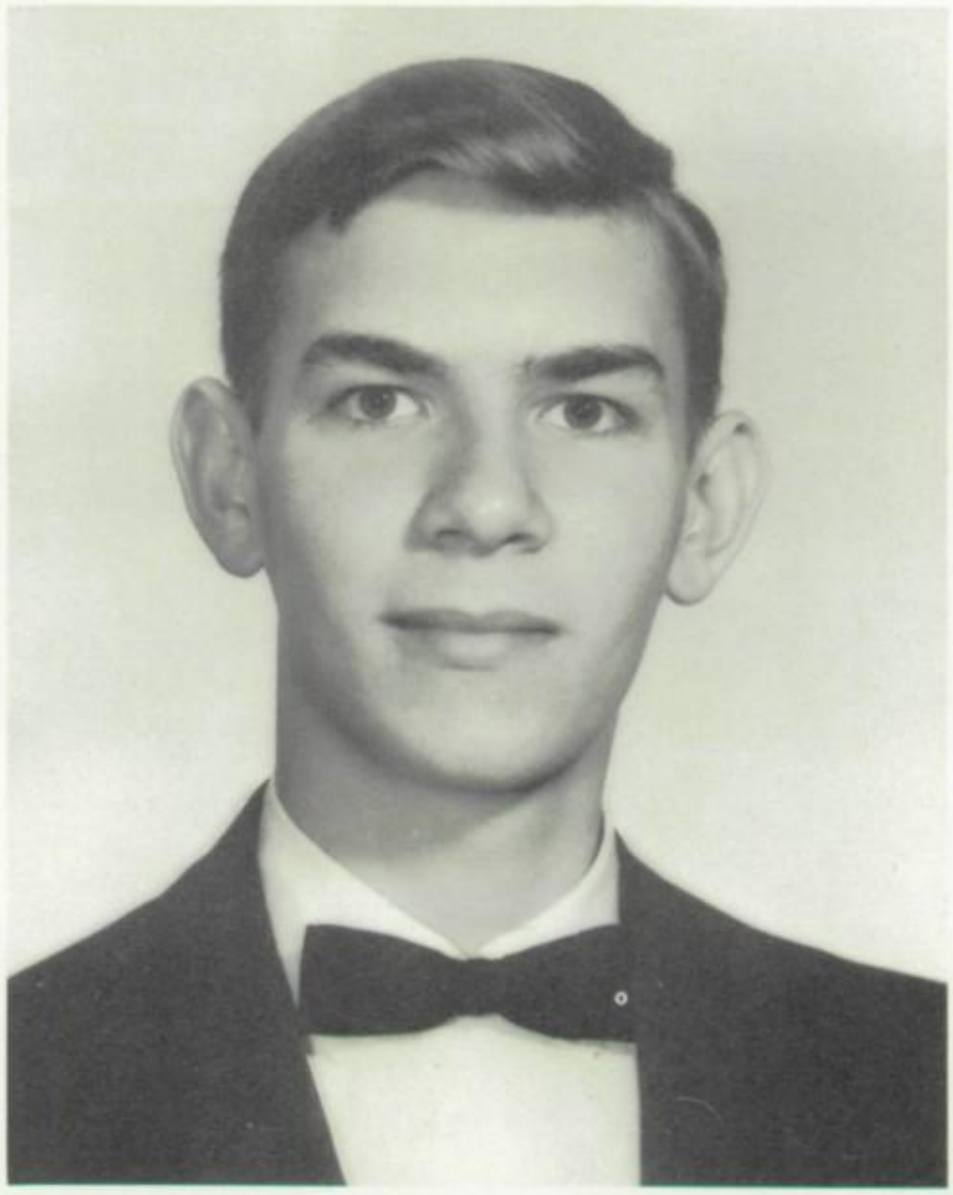
Blackstone, Virginia

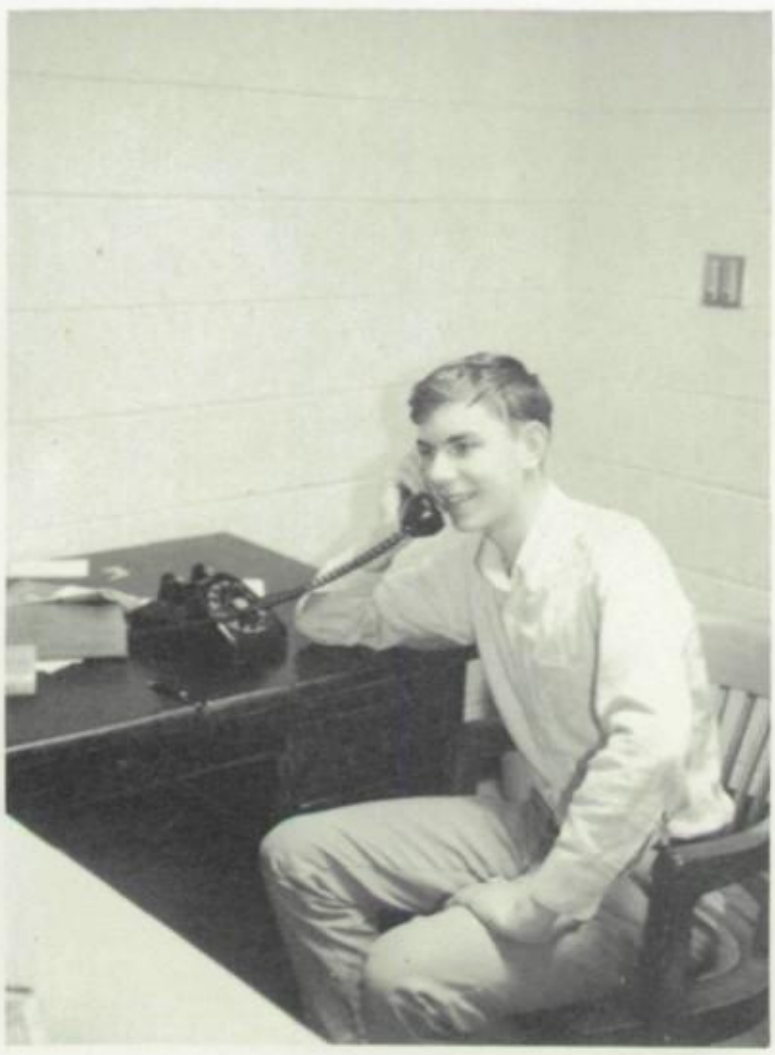
After attending summer school at Christchurch two years ago, Joe decided to avail himself of the academic opportunities of winter school. He immediately won the respect of the faculty and students as can be seen by his list of offices. He has been President of the Honor Council, Student Council, and Senior Class, as well as Co-captain of the Football, Soccer, and Track teams. As one of the two Monitor Counselors, he was co-chairman of the Monitor Judiciary Board. No one can say Joe has not been busy these two years!

Somewhere in that tight schedule, "Lick" has found time to raise a little "fun." The first floor of the new dorm has been the battleground of a continual war between Joe, the "Cobra," and Jamie, the "Phantom," but although it is against all jungle sayings, the "Phantom" has always won. Next year Joe will be at V.M.I. with his present roommate. Don't be surprised if Joe graduates from there as a General.

William Evans Sherlock Flory, Jr.

Woodbridge, Virginia



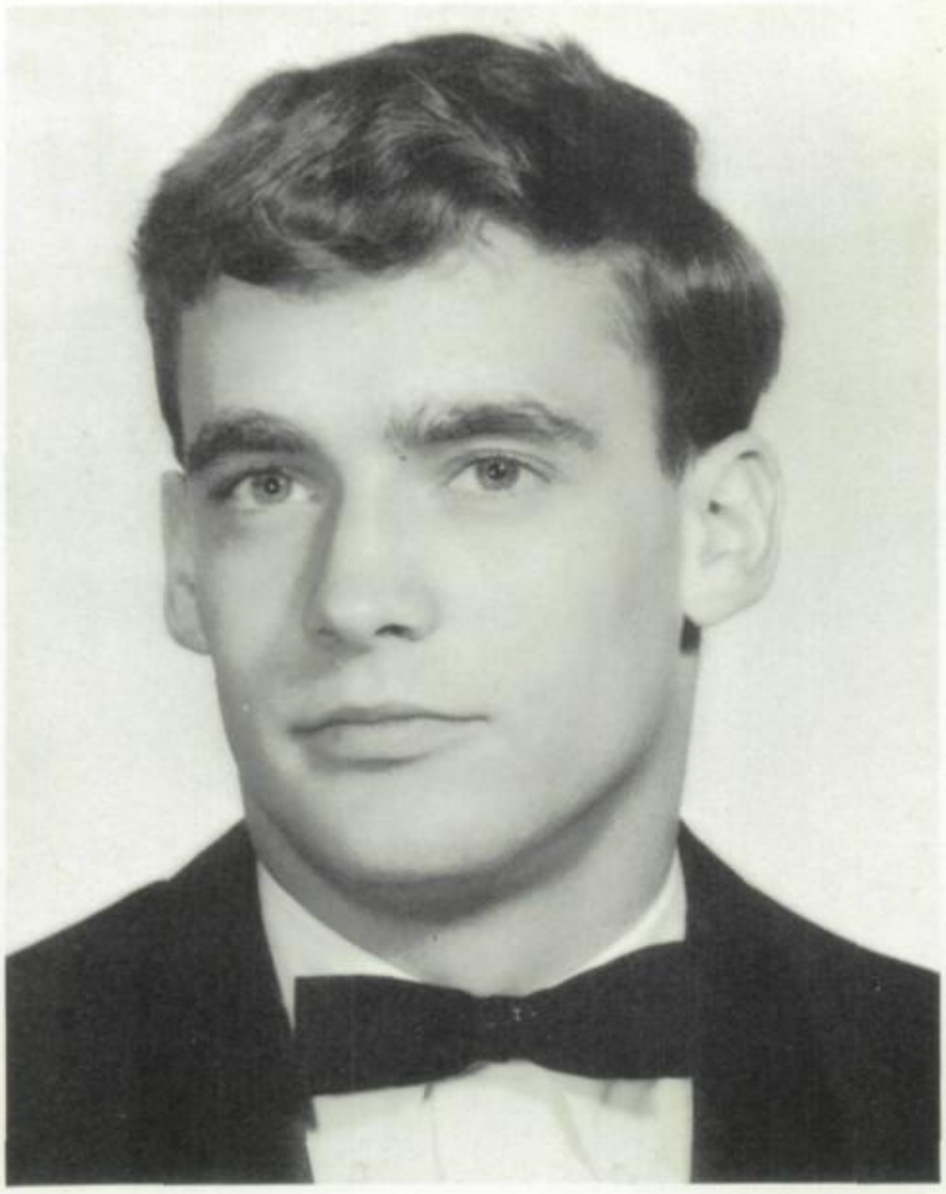


On the afternoon of September 18, 1962, Will, a typical Virginia gentleman, staged a premeditated attack on the Sophomore Class. This was the beginning of his prep school life.

And now, after three long and productive years, he will depart in search of higher learning. He will, however, leave behind him a wide-spread record of achievement at this school. Apart from being a member of the Varsity Soccer team, Will has been an integral part of the bass section of the school Choir and was appointed a Monitor in the Summer Session of his Junior year.

Most of Will's endeavors are devoted to the studies of automotive engineering and electronics. Will has utilized much of his widespread, practical, and theoretical knowledge in his Chemistry and Physics courses.

Will's habit of being fresh, free, and friendly have made him many friends who wish him well in the next four years.



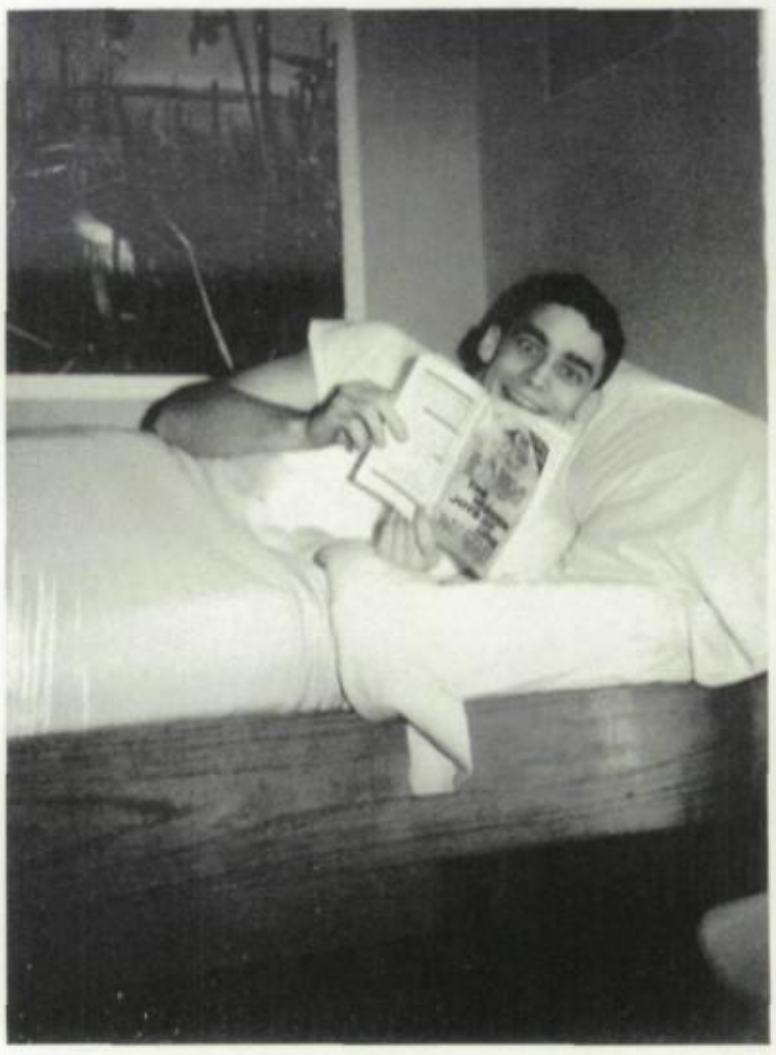
Edmund Palmer Foster

Charlottesville, Virginia

"Nefarious" Ned arrived on the Christchurch campus sometime during the first football game of 1963 and, having no way to leave after the game, stayed on. Ned adapted readily to our unique system and decided to come back for his Senior year.

He has actively participated in Football and Track, and, as Co-Captain of the Basketball team, was instrumental in leading the Seahorses. The name of Foster has often appeared on the Headmaster's List and this year Ned also enjoyed the responsibilities and privileges of Monitorship.

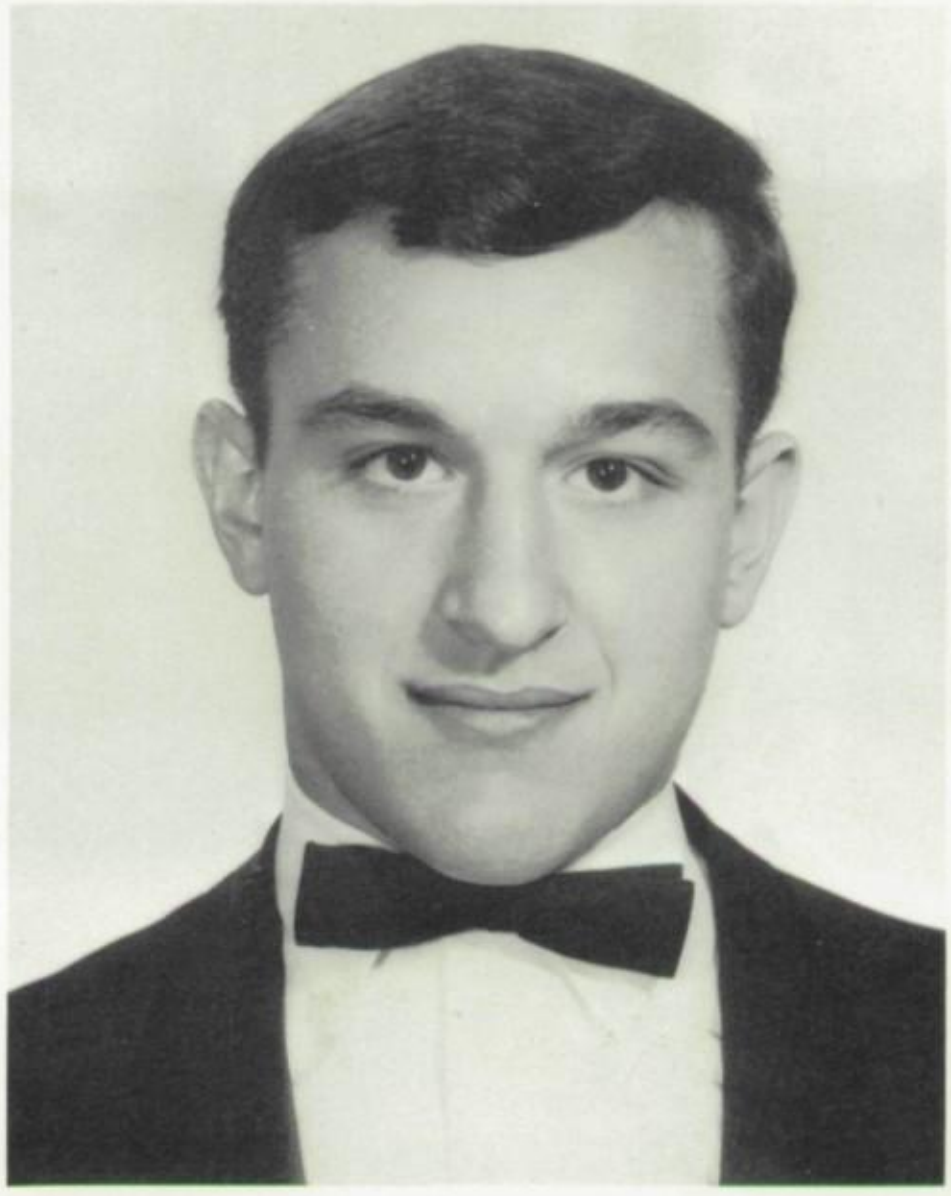
Ned plans to attend the University of North Carolina next year where he will surely keep up his fine record. Ned's contributions to the school will not soon be forgotten.



Gaman—
It has been fun
having you on "my"(?)
floor this year. I am
sorry I haven't been able
to make you study more.
hope you get more serious
next year. Hope you have
a good summer. Take it
easy with the leader of the pack

William David Gonzalez

Baltimore, Maryland

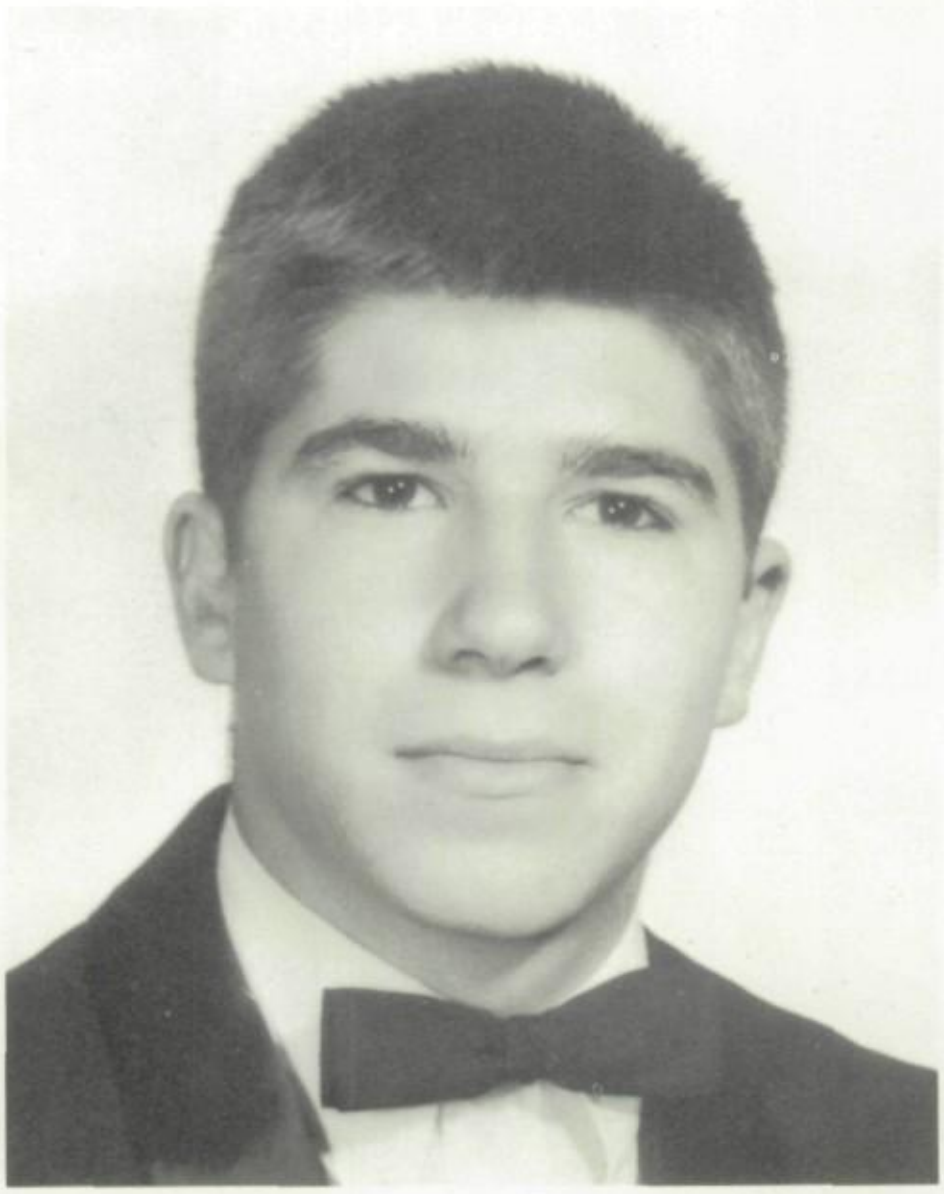


Five years have now passed since "Gusano" was air dropped from a Cuban refugee plane. His first year or so was spent trying to obtain guerrillas to fight for Castro; now he is trying to obtain them to fight against Castro.

Finally Billy was induced to settle down and study. To the surprise of everyone, he has ended up by doing very well in the academic world. Though his toughest course has been U.S. History, it has taken the "Colonel" all these years to convince Bill that the United States actually owned Cuba for several years after the Spanish-American War.

Bill also knows when and how to play. He has lettered in Football, Track, and Soccer. As a soccer player he has been most valuable and his Latin temper has held him in good stead on the field.

He now wants four years of college before returning to the dark hills. If anyone can get the job done down there, we know it will be Bill.

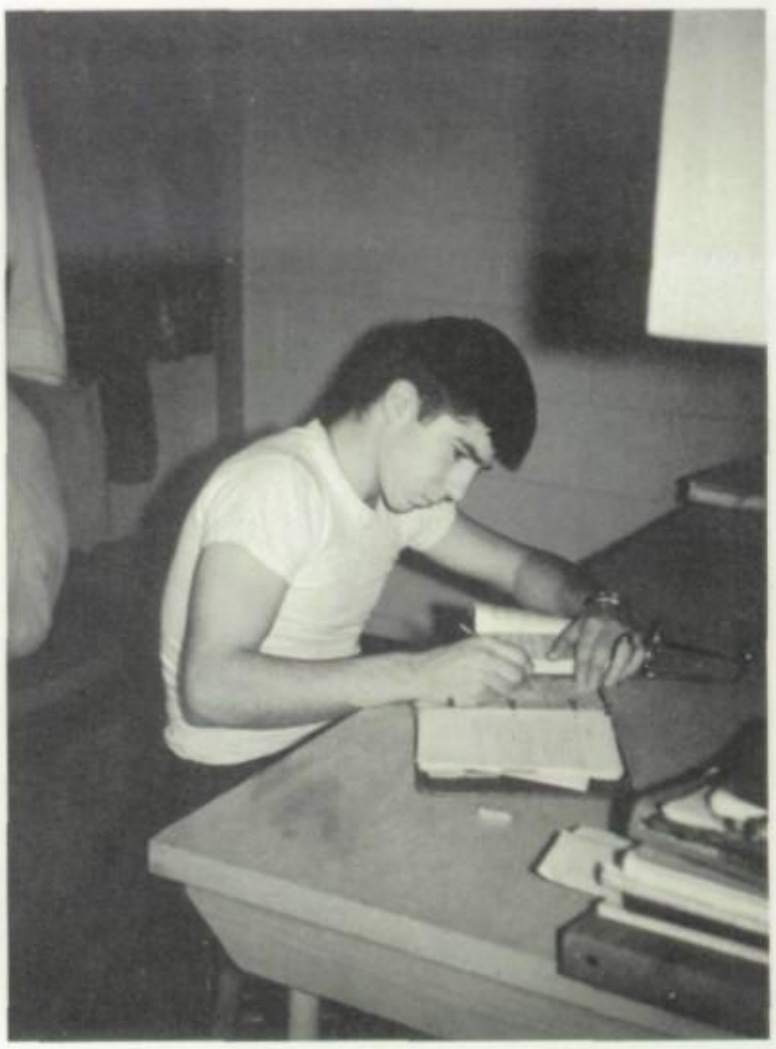


Charles Michael Guggenheimer

Lynchburg, Virginia

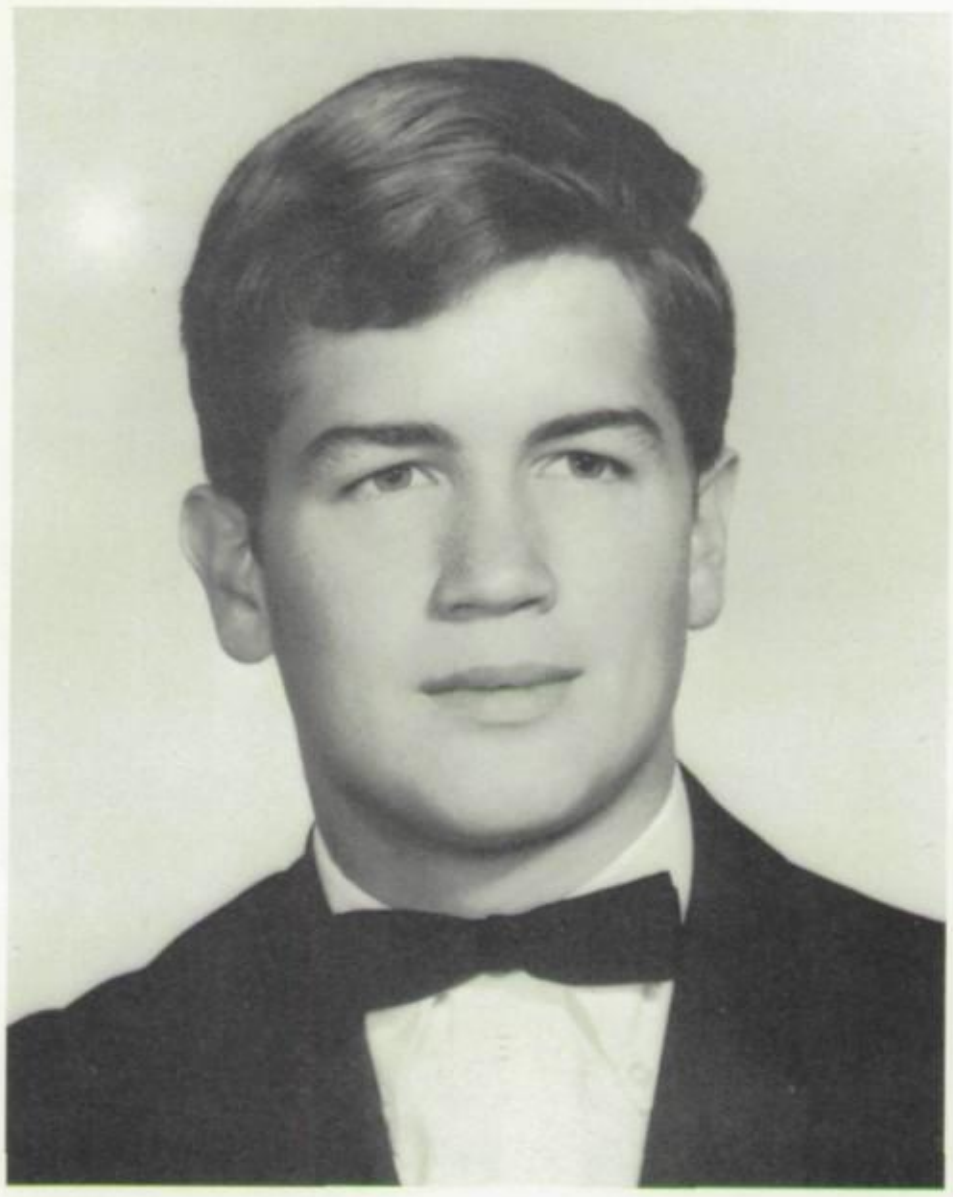
Charlie came to Christchurch three years ago after having attended V.E.S. From the beginning, Charlie proved himself to be a good member of the student body. He was not only a good scholar and worker in extra-curricular activities, but also a qualified athlete. Charlie's better sport is Baseball in which he has lettered three times. His second choice is Basketball, in which he has not only been a valuable player, but has been one of the elite to letter twice.

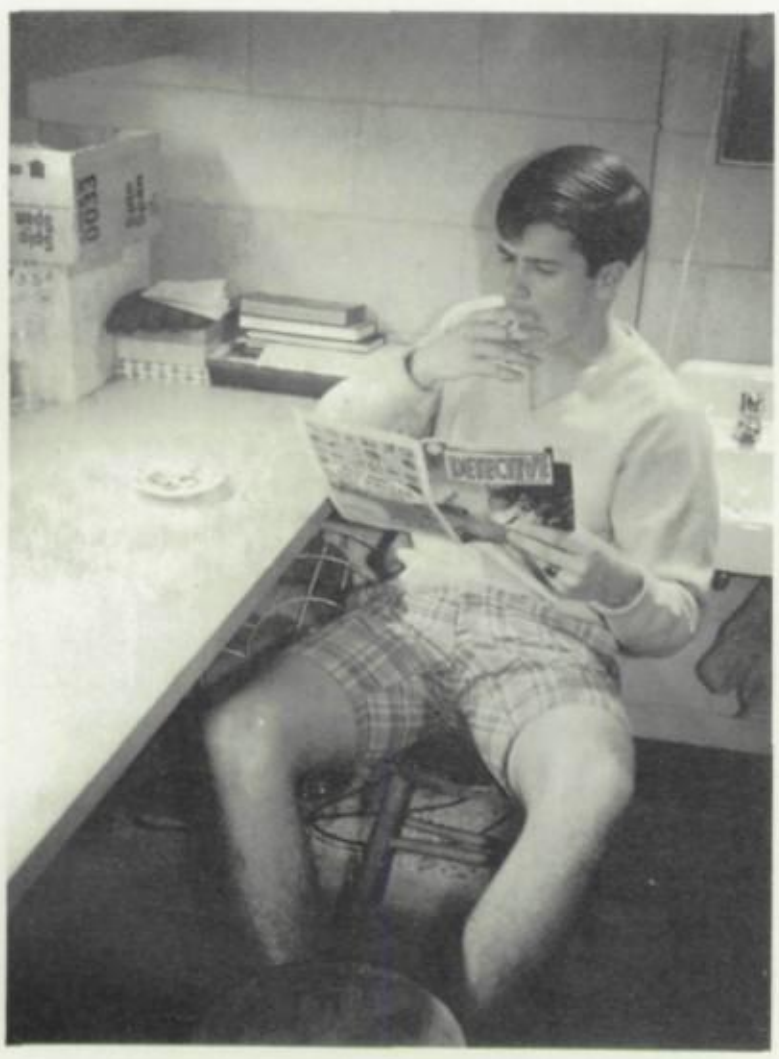
At college, like here, Charlie will continue to make friends and be successful.



Edwin Taylor Harper

Front Royal, Virginia





Although having attended Christchurch for only two years, Buddy has established a reputation of great personal integrity for himself. He has earned the admiration and respect of his fellow students through his many activities. He has played J-V Football, been elected Co-captain of the J-V Basketball Team, proved to be an excellent runner in Track and Soccer player. He also worked on the SEAHORSE staff and was elected a Monitor. In the society column, Buddy has proved an ardent admirer of the fairer sex.

Buddy's interests lie either in chemistry or chemical engineering. Wherever he goes and whatever he does, Buddy is certain to achieve his goals. We wish him luck in his future.

Richard Bland Harper

Gloucester, Virginia

There hasn't been a song published about an M.G., but Rick has sung one of his own now for two years. The cosmopolitan population of Gloucester gazes in wonder as the clash of red hair and red car gleans the town for something to do.

As a two year veteran of Christchurch, Rick has excelled in his academic endeavors, thus accomplishing his primary goal.

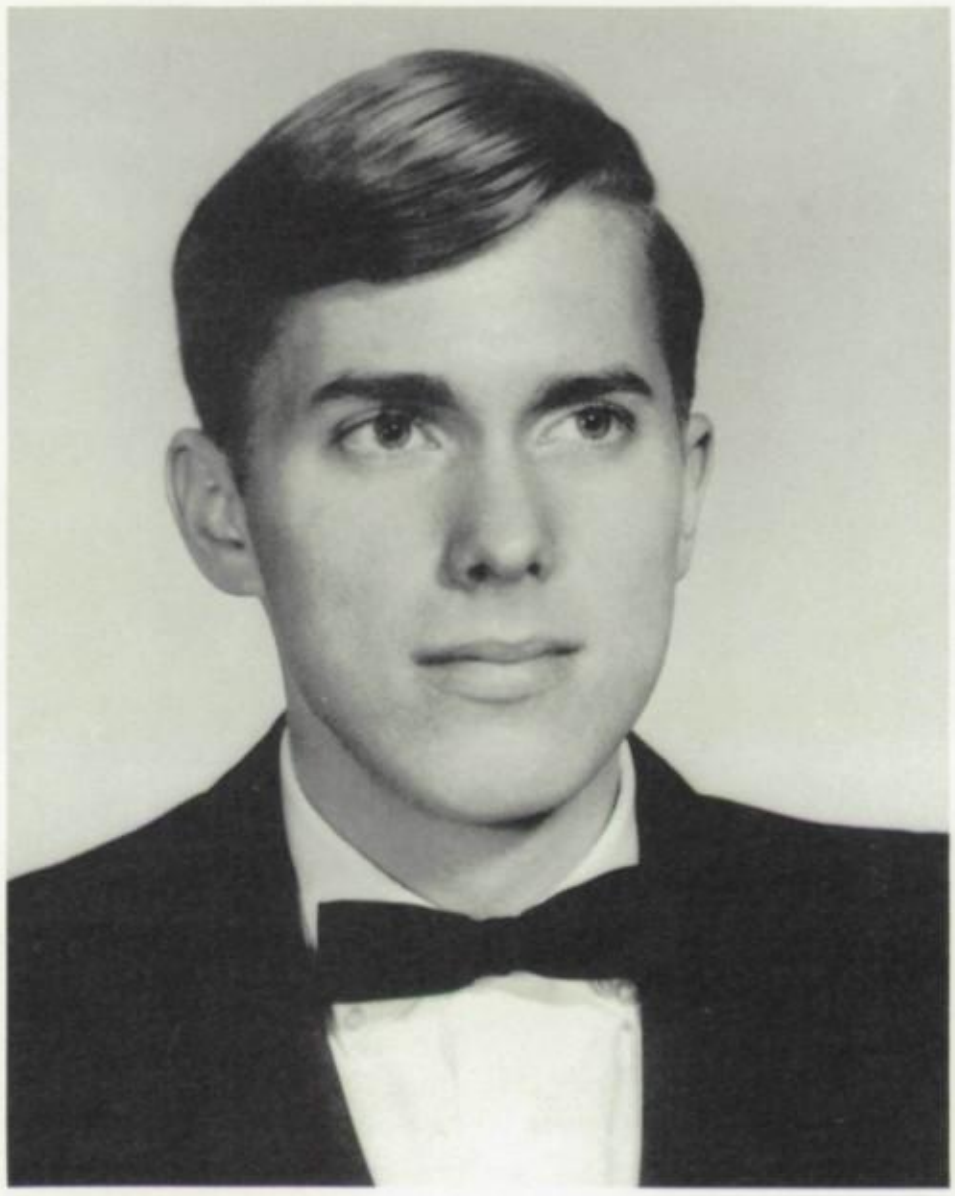
A reticent individaul by nature, he has only his diligent study and work habits to aid him in his choice of the most loquacious professions of all, law.

As he ventures on his way to the University of Richmond, he leaves behind a trail of friends and activities. Born and bred on the water, Rick has been a natural adherent to the rigors of waterfront, in addition to his J.V. basketball achievements.

We have only to hope the horrors and perplexities of the big city will not bar his climb to success.

Dean Stapleton Hawthorne

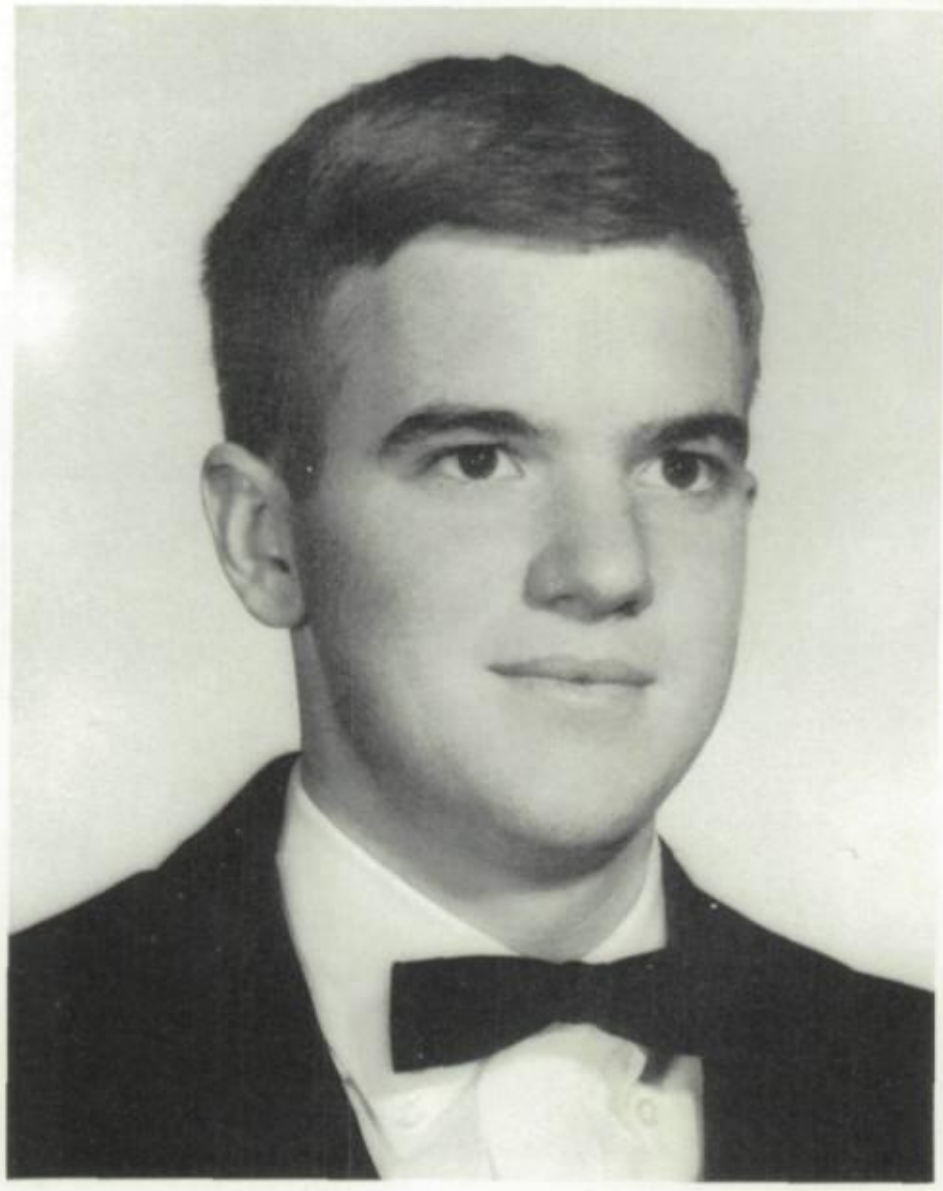
Richmond, Virginia



Upon entering Christchurch in his junior year, Dean found quite a change from the hectic routines of Thomas Jefferson in Richmond. One of "Lurch's" first endeavors at C.S. was to join the local teamsters' union and jump at every opportunity to drive one of the busses to Richmond.

During his senior year, Dean has served on the Monitor Corps and has been a member of the Varsity Club, having lettered in track. His hobbies include writing letters to Kate and managing Willson Craigie's love affairs—the latter being a very challenging and tedious job.

Among his plans for the immediate future Dean hopes to enter the University of Richmond, procure a private pilot's license, and sell a Volkswagen to Mr. Yarbrough.



John Stanley Hubbard, Jr.

Chesapeake, Virginia

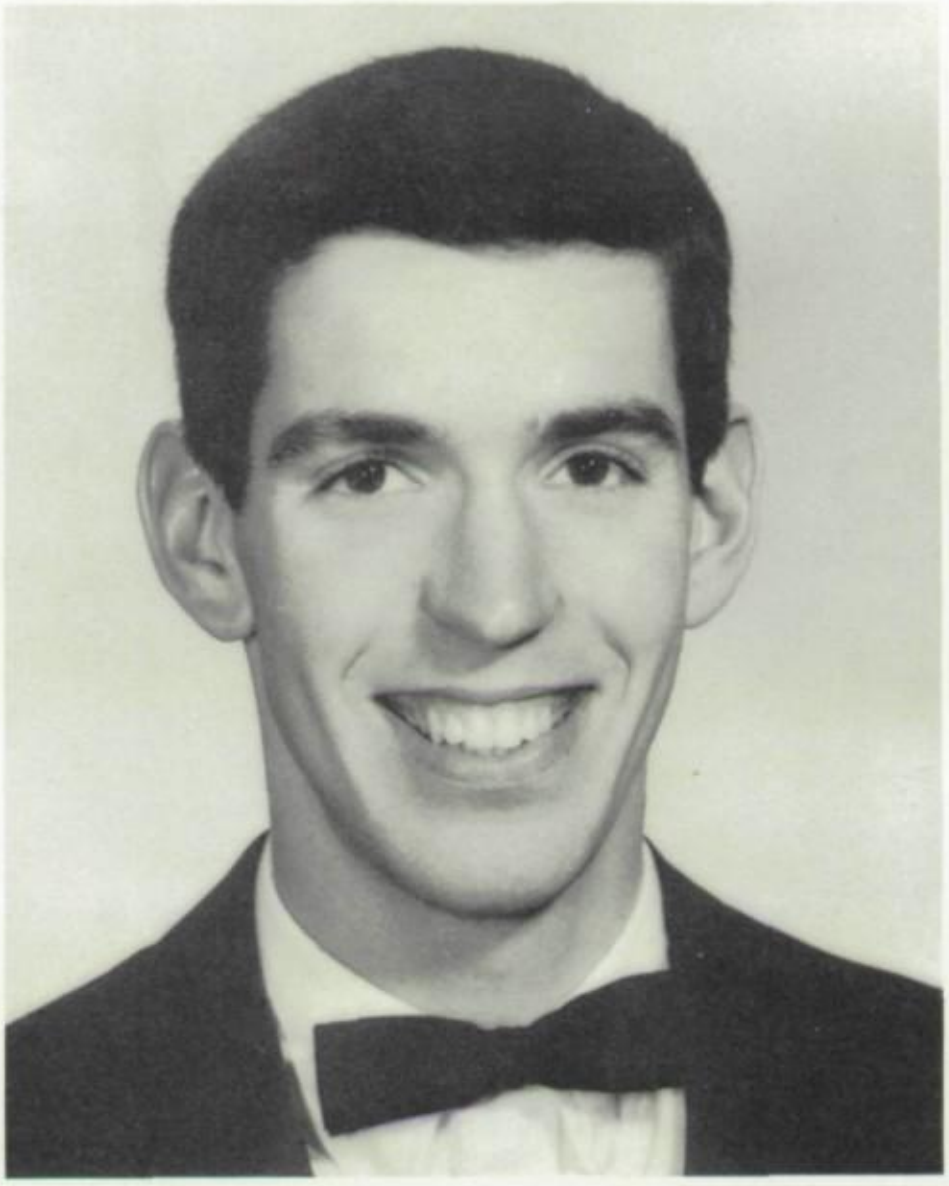
For a boy who fought his way out of the Dismal Swamp which surrounds Chesapeake, Jack has done extremely well at Christchurch. He has acquired the habit of telling everyone how badly he did grade-wise, and then coming up with Headmaster's List average.

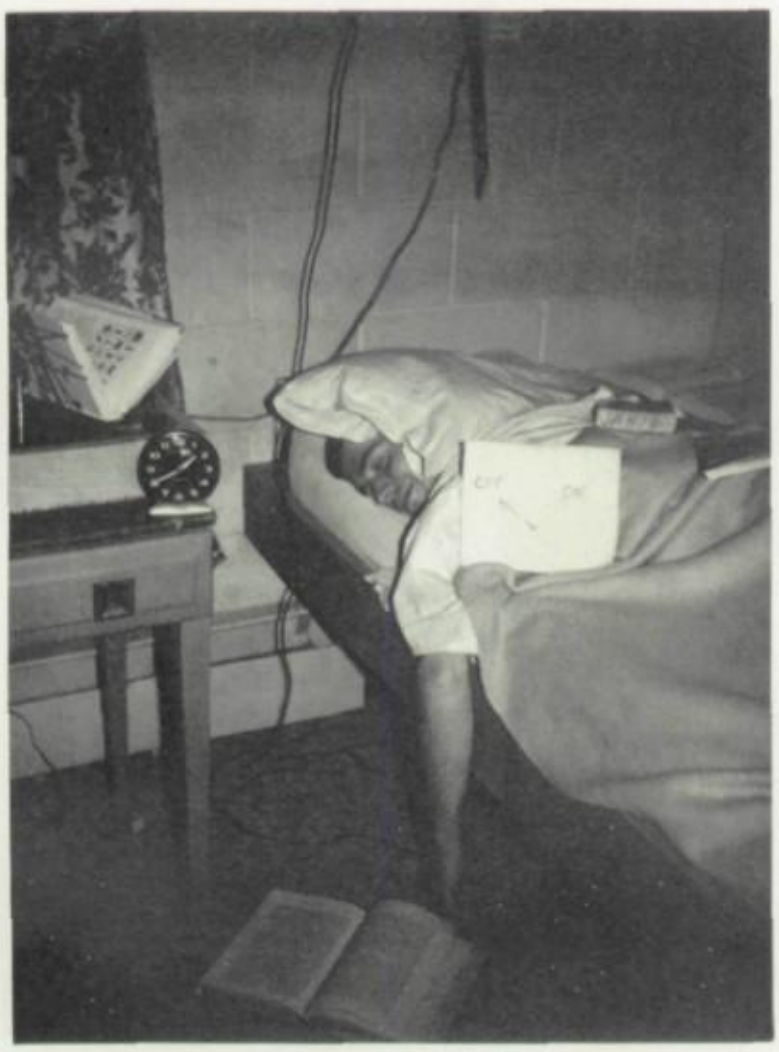
During his two and a half years here, Jack has found time to enter J.V. basketball, P.T., water-front, plus becoming the manager for varsity basket-ball.

He has high hopes of entering the University of Richmond next year where he plans to major in biology. Jack will have no trouble we are sure;—at least not in the academic field, but do watch out for those girls.

Malcolm Eggleston Jamieson

Charles City, Virginia



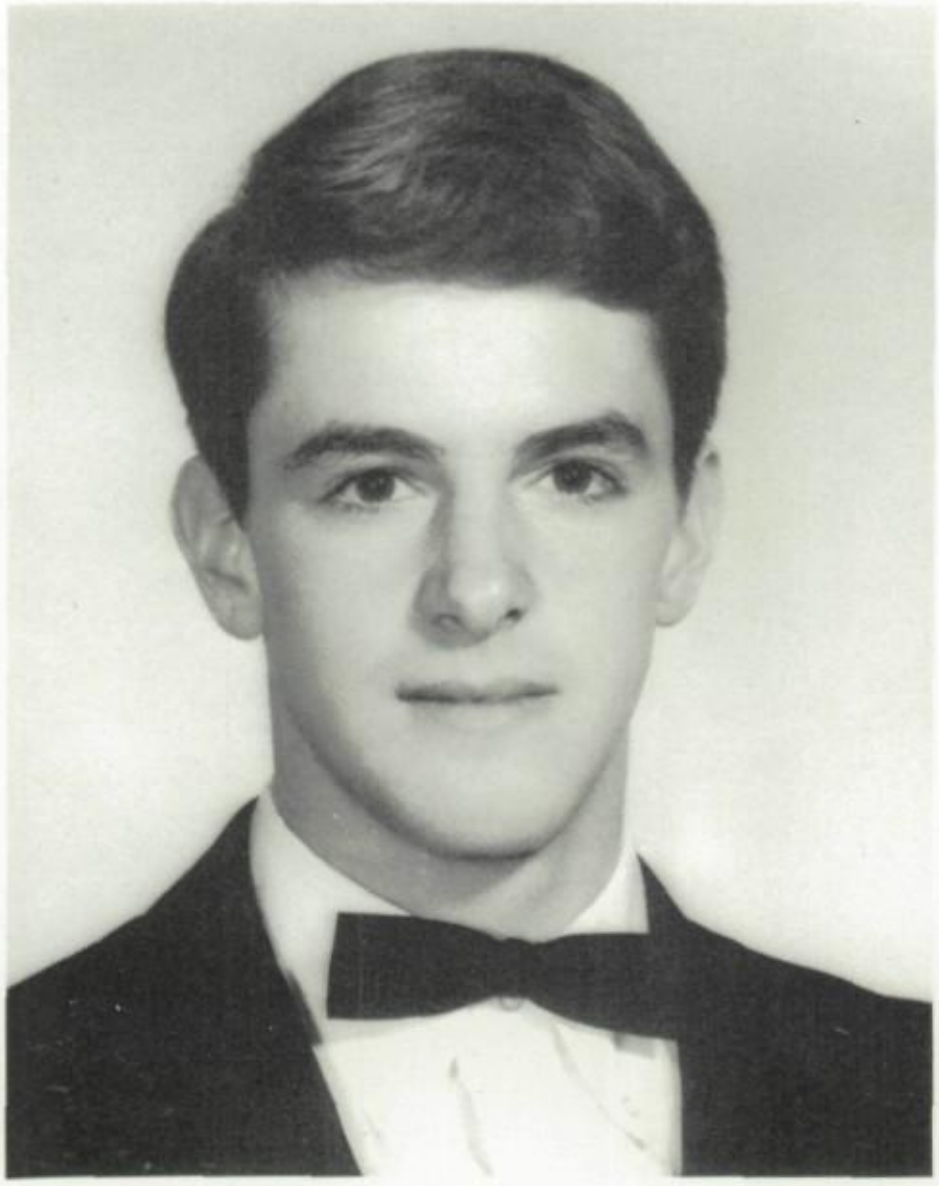


Two years ago from Berkley Plantation came "Phantom", the country gentleman. It seems that he had gotten tired of the urban life in Richmond and had wanted to move back into the great outdoors.

Soon after Jamie arrived at Christchurch, we found he had connections in the musical world, and he has been working on the social activities committee ever since. Although the bands do not always show up on time, Jamie says they are temperamental and we must overlook these minor details.

Apart from his academic endeavors, Jamie has found time for such extra-curricular activities as monitor, cross-country and winter track, and phone calls to Mary Baldwin College.

After this year he plans to enter college and start working toward a medical career.



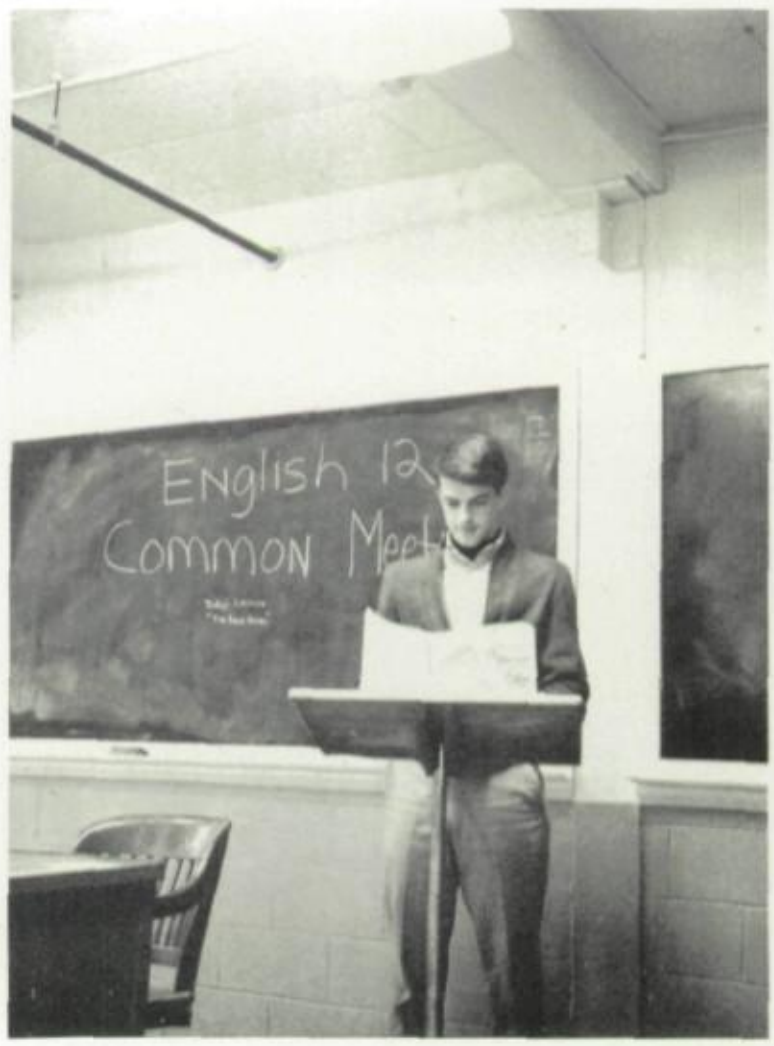
Lewis Peyton Lawson

Charleston, West Virginia

Jersey—
Sorry I had to tear
your ad's room up so
much—
Lewis

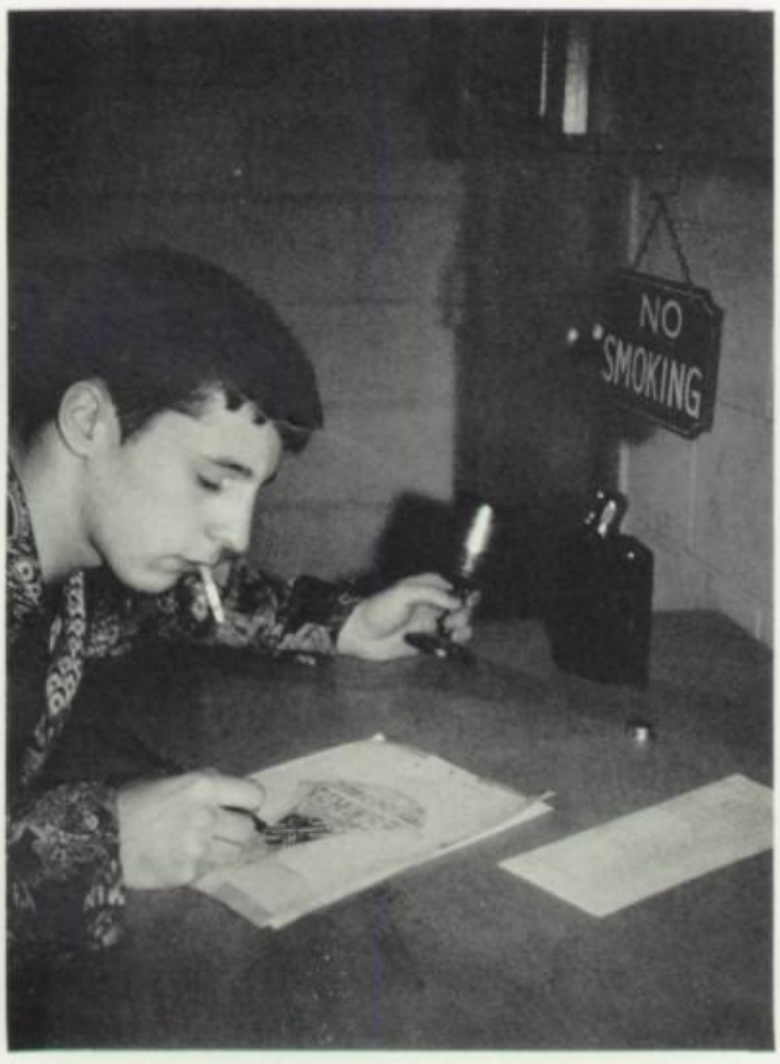
Out of the hills of West-by-God-Virginia in the fall of '61 came the mountaineer "Limpin Lew". Before making his appearance onto the Christchurch campus. Lewis was strictly a public school student—and incidentally not much of one at that. However, the intellectual atmosphere at C.S. caught Lewis and he buckled down and got the job done. The hard work atmosphere caught Lewis not only in the classroom, but also on the Athletic field. In his contribution to the athletic program at C.S. he has kept up the family tradition.

Lewis is a man somewhat to himself, but don't let that fool you. Instead, it is one of his greatest attributes. As a firm acceptor of responsibility, he has been president of his class and Monitor Counselor his senior year. With the ability to intermingle play and work, he has developed into a fine leader and citizen. Lewis and success leave the Christchurch campus hand in hand.



Arthur McLaurine Lipscomb

Lexington, Virginia

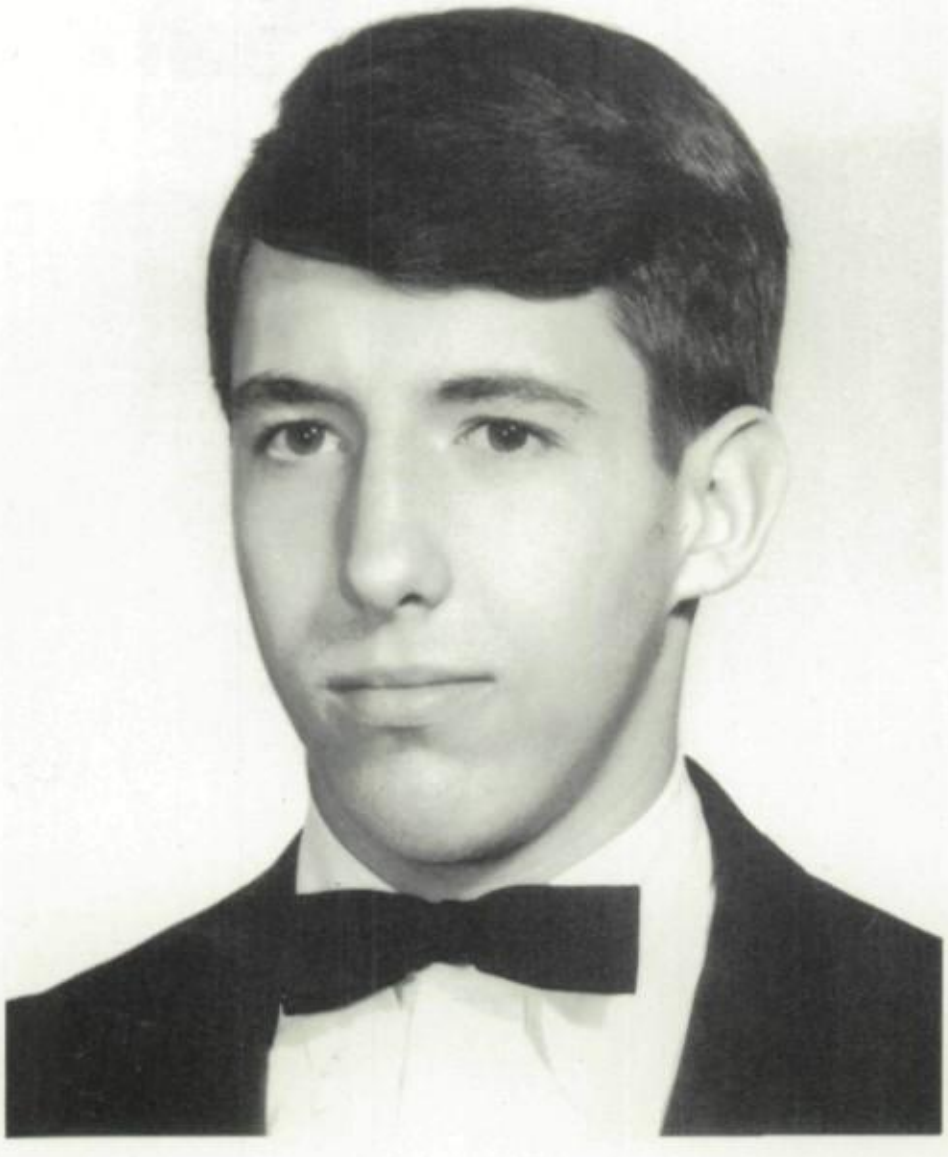


On that fateful September day in 1963, Laurie left the V.M.I. campus with his guitar in one hand and his navy bag? in the other to head for C.S.

Now that he is here, we don't know how we have gotten along without him. He has gained the reputation of being the only monitor ever to check dorm while playing his guitar.

His athletic prowess has been shown in all his sports. This past year he was co-captain of the football team and showed his outstanding ability as fullback. In both winter and spring track, Laurie has been fleet of foot. He says he gets all of his practice keeping ahead of his girl (which ever one it is at the time).

Now that his time is up and he must look toward some college, his natural hope is V.M.I., where his father is dean of admissions ...



James McKinley Oakes

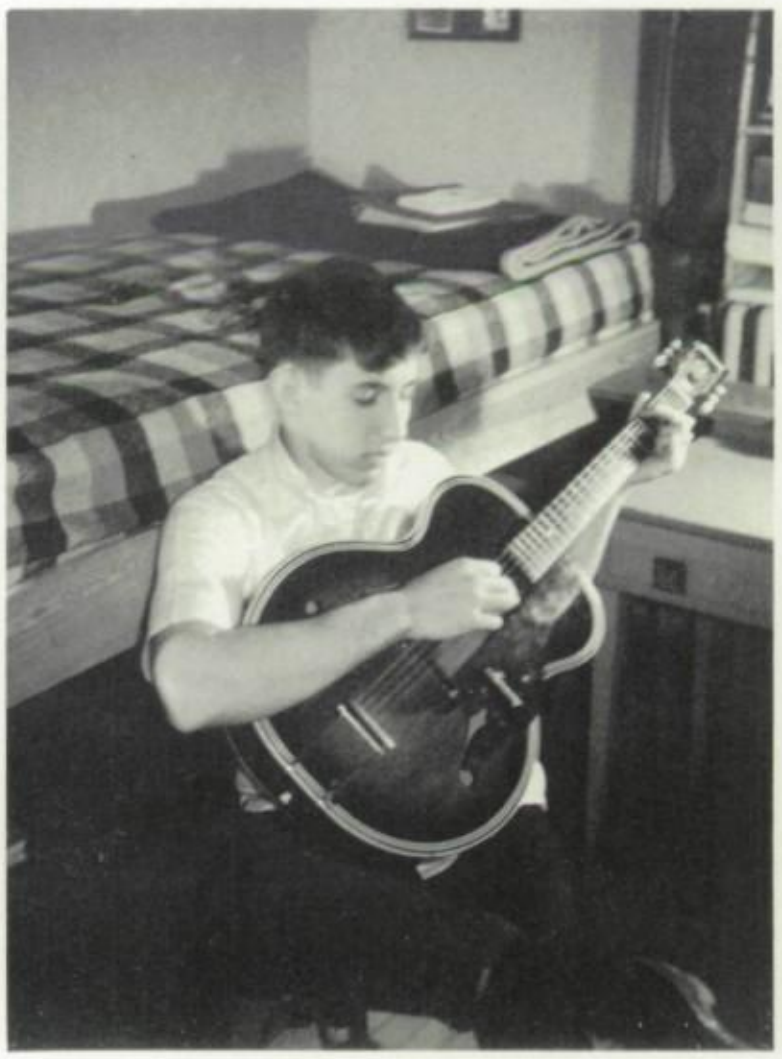
Washington, D.C.

Four long years ago "Stokes" came to Christchurch from D.C. Jim decided that St. Andrew's did not challenge his ability enough.

"Stokes" has graced the choir with his golden throat and given his social ability to the Social Activities Committee. It is obvious that St. Meg's and St. Cat's will be in serious trouble after Jim's long awaited graduation.

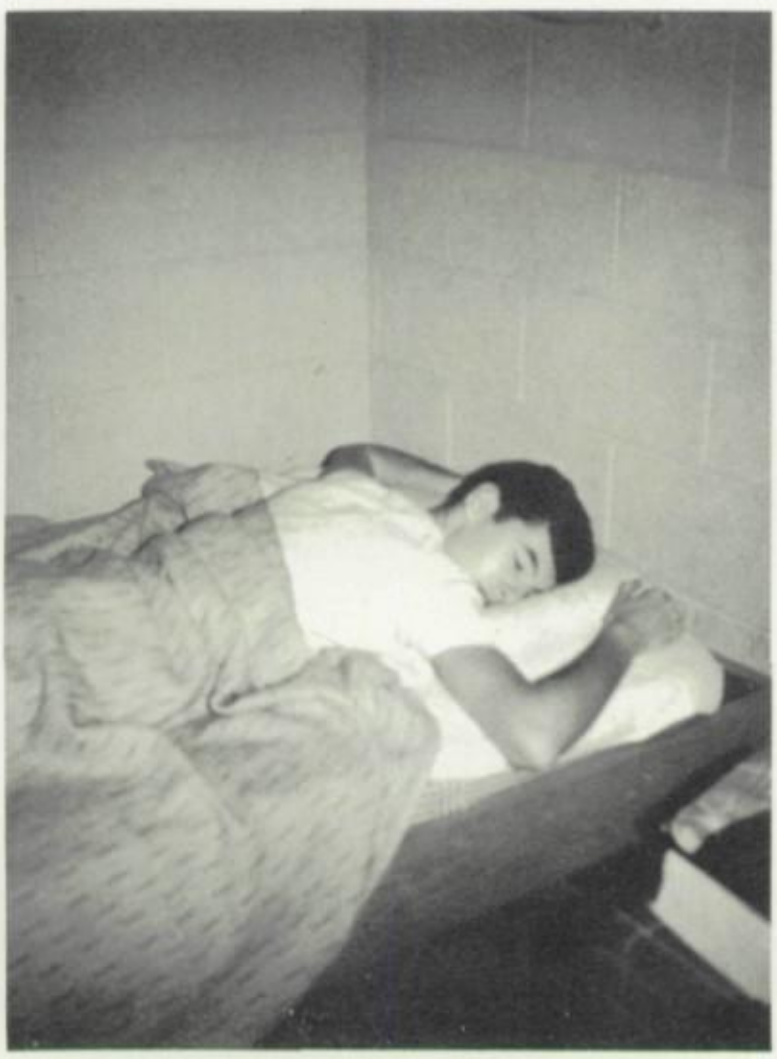
Jim's academic life has been supplemented by his participation in various athletic activities. Among his accomplishments are varsity letters in tennis and basketball, besides his contributions to the cross-country and varsity track teams.

He plans to attend college at Chapel Hill. After this Jim wants to go into the teaching profession or the military service. Christchurch will miss his dedicated school spirit and his all-round contributions next year.



Randy David Rabin

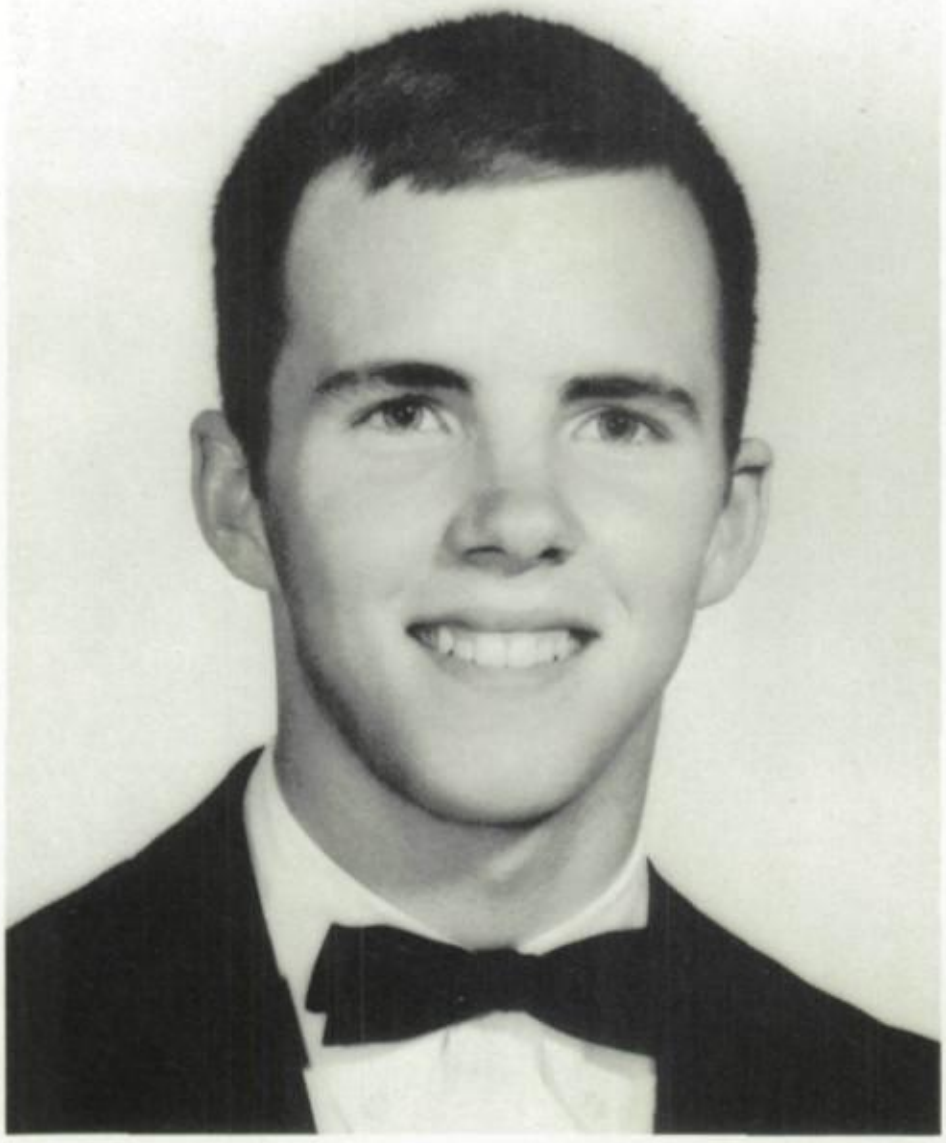
Greensboro, North Carolina



Randy left "God's Country" to come to Christchurch, and in his two years here he has represented North Carolina well in his quiet, well-mannered way. If one does not find Randy on the track, he is more than likely in his room reading about his main hobby, electronics or amateur radio.

His great interest in science has given him the position of secretary of the Science Club. Somehow, with all his different jobs around campus and in the *Seahorse* room, Randy has been able to maintain a Headmaster's List average.

Randy plans to pursue his interest in science in one of the fine North Carolina colleges.



Thomas Porcher Ravenel, Jr.

Greensboro, North Carolina

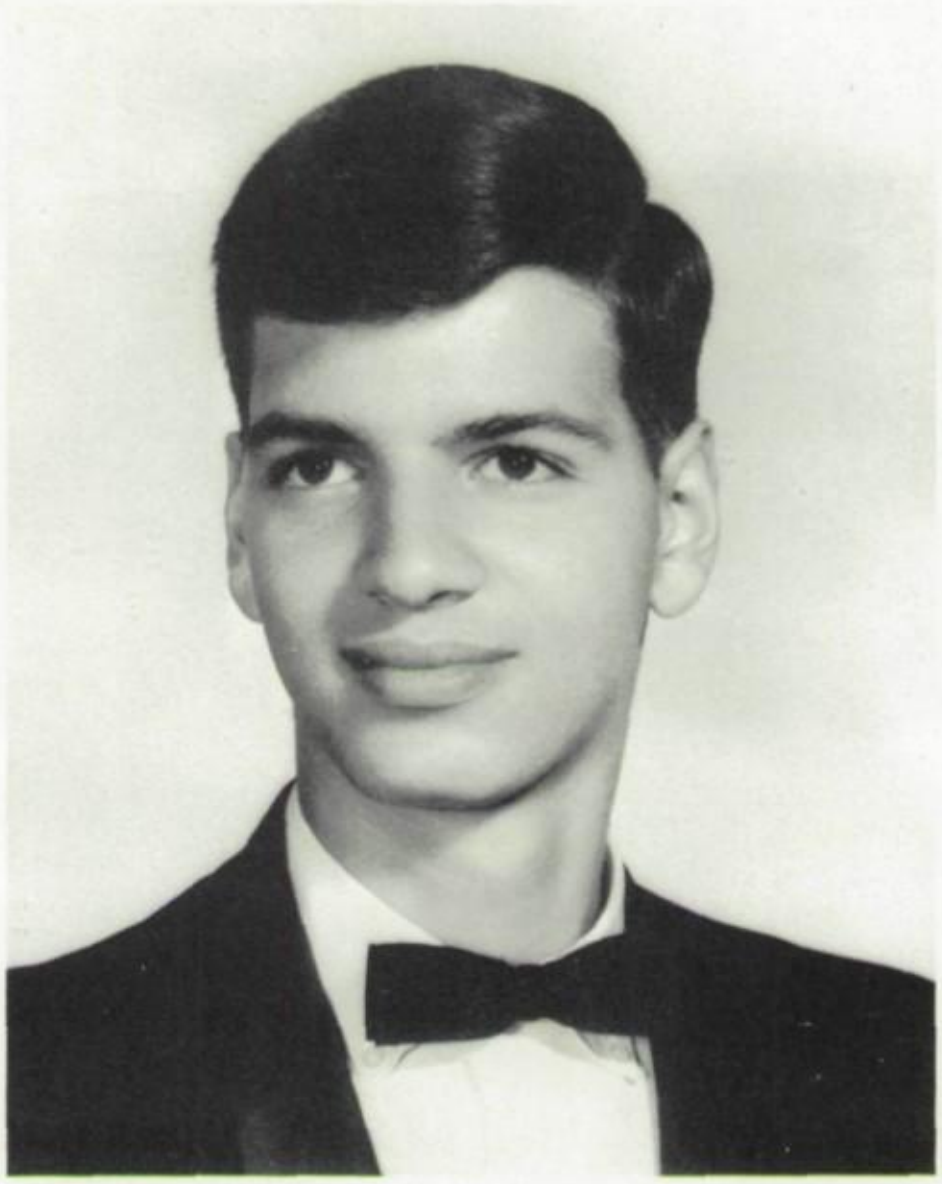
Out of the rambling, urban jungle of Greensboro came one of our most industrious students. He has maintained a continuous Headmaster's List average during his two years here.

However, he has been known to sneak away from books when it comes time for other activities. During fall and spring, Tom pounded the track to keep in shape for those long distance runs.

This past year Tom has joined the Science Club because of his interest in mathematics. He is still undecided about his future, but knows that he wants some of that "higher larnin" from a good college.

Edward Andrew Saccio

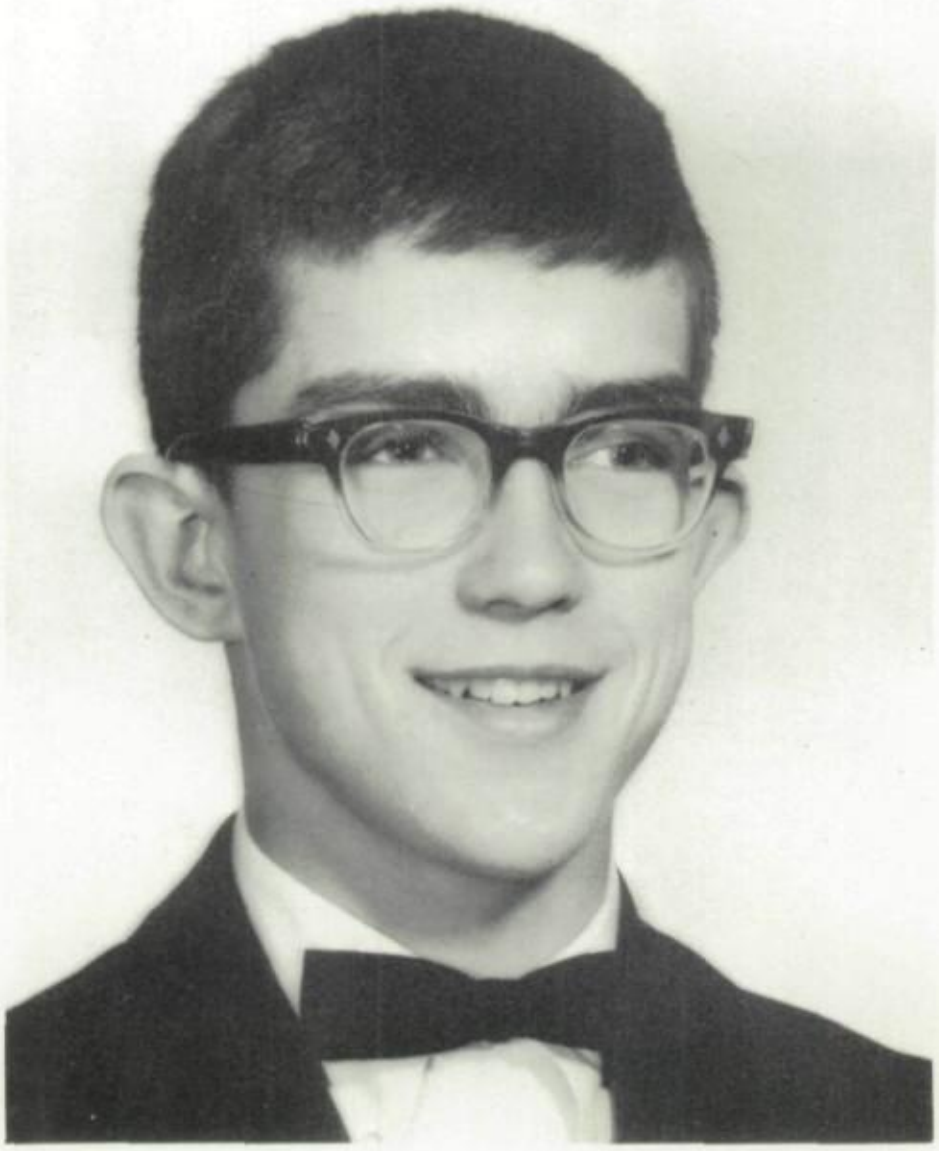
El Salvador, C.A.



Three years ago Christchurch School was liberally endowed with a combination of man, athlete, and scholar, in the form of one Edward Saccio. Since his arrival at Christchurch, Ed has contributed greatly to our little community. Among his many activities may be included J.V. soccer, J.V. basketball, and varsity soccer. He has also been a member of the Dramatics Club and has been on the Social Activities Committee.

Ed's many hobbies include bowling, water-skiing, shooting the bull expecially about his wild motorcycle escapades in El Salvador, and traveling around and meeting new people.

After graduating from Christchurch, Ed plans to pursue the conquest for knowledge on a higher level and wishes to major in history and economics or international relations. As a career, Ed is considering a position in the foreign service.



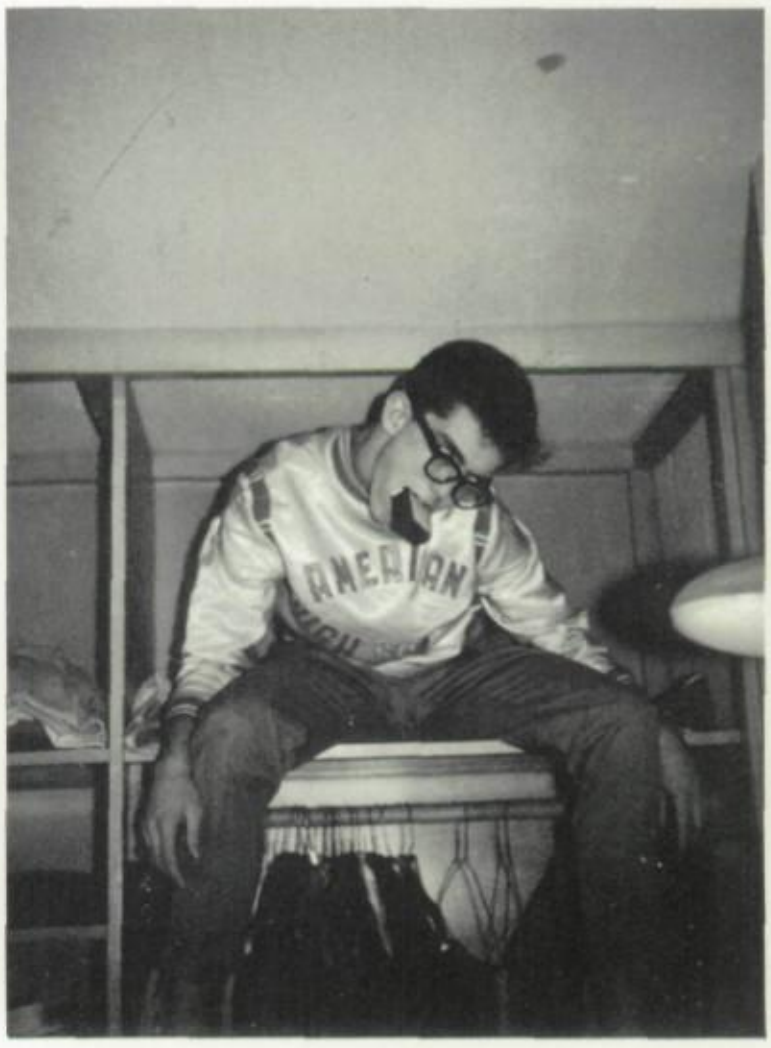
Walter Dunnington Shields, Jr.

Huntington, West Virginia

Until three years ago, no one at Christchurch had heard of a Wattosaurus. Well, at that time one came walking stiff-legged onto our campus from the mountains of West Virginia. We have not had an unhappy moment since. If a student ever reaches the depths of despair, he has only to spend some time with Watt, and he will soon be feeling better.

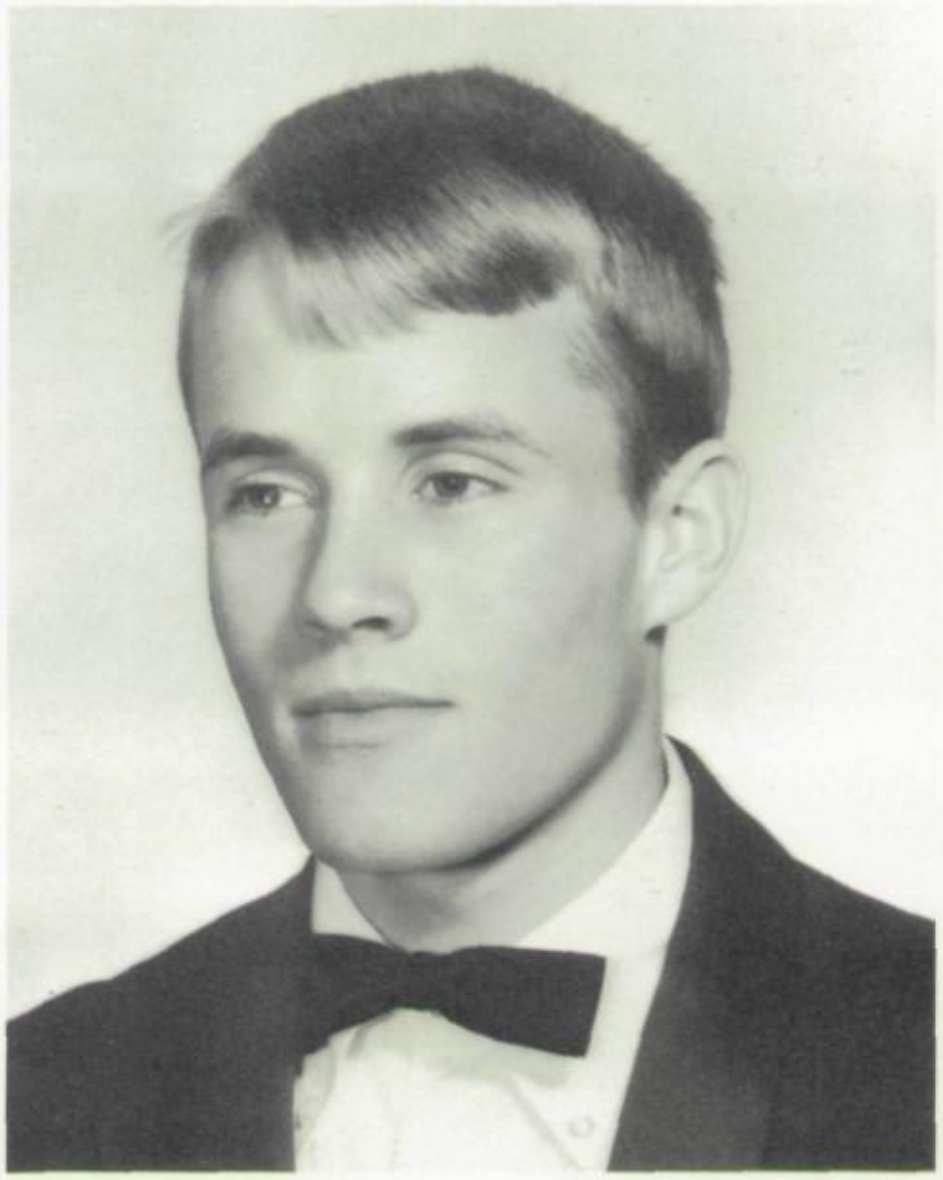
In his years here, Watt has participated in football, basketball, winter track, and spring track. Also he is a member of the Varsity Club and has taken an active part in the Science Club and Social Activities.

We will all miss Watt next year—nothing will be the same without his jokes. However, as he moves on to bigger and better things, our best wishes go with him.



John Howell Smart, II

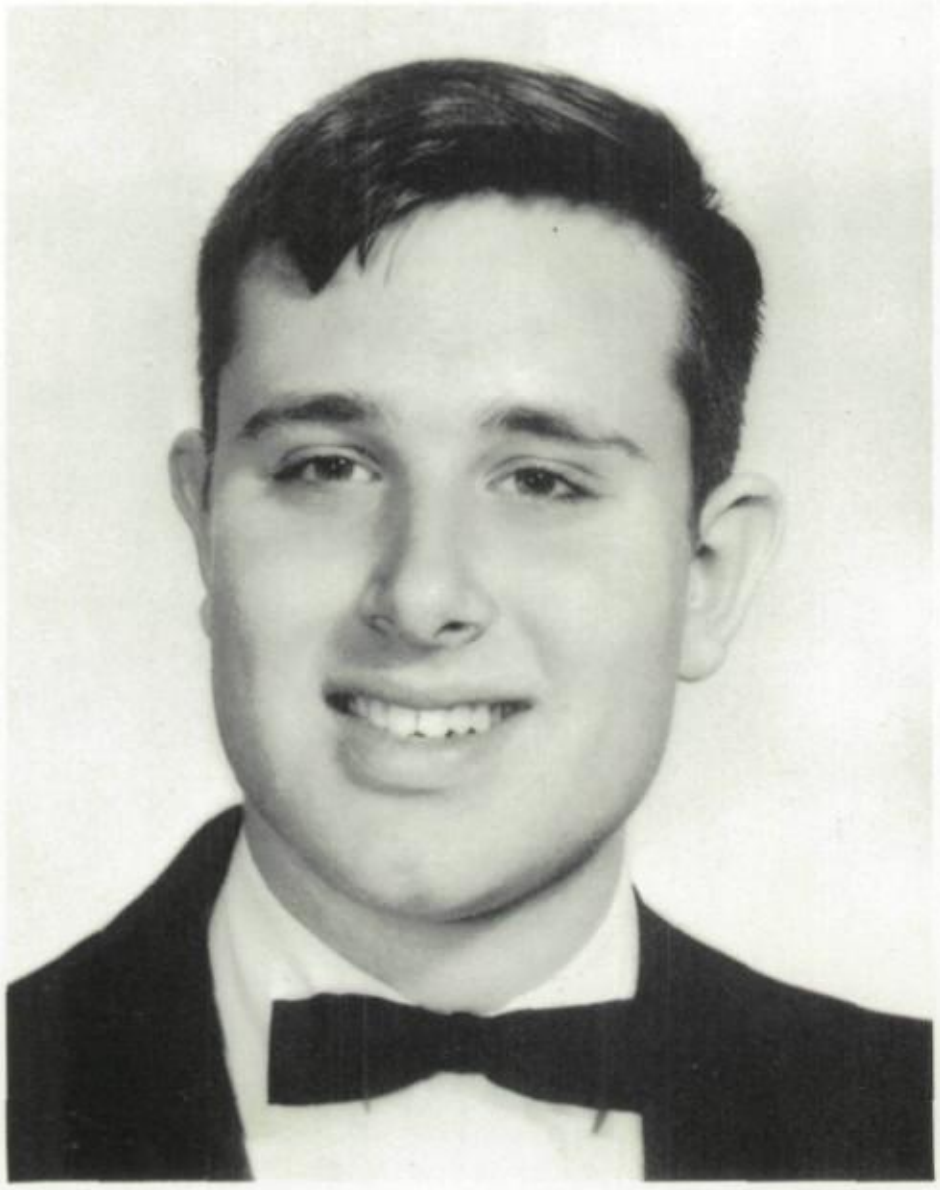
White Stone, Virginia



It was four years ago. A few of us were down at the waterfront the day school opened. All of a sudden we noticed a giant wave sweeping up the river with a surfer on its crest. Thus John made his entrance to Christchurch from Hawaii. We have sinced then convinced him that Virginia is not at all bad, and now he lives across the river.

John has never been lacking when it came to sports. He has lettered in football, basketball, and baseball; as a matter of fact, he has received the Bill Brill Baseball Award. For the past two years he has been a member of the Varsity Club. In his senior year he was a member of the Monitor Corps.

John has done well with his academics and has often been on the Headmaster's List. We wish him the best of luck next year in college.



Douglas daCamara Taylor

Urbanna, Virginia

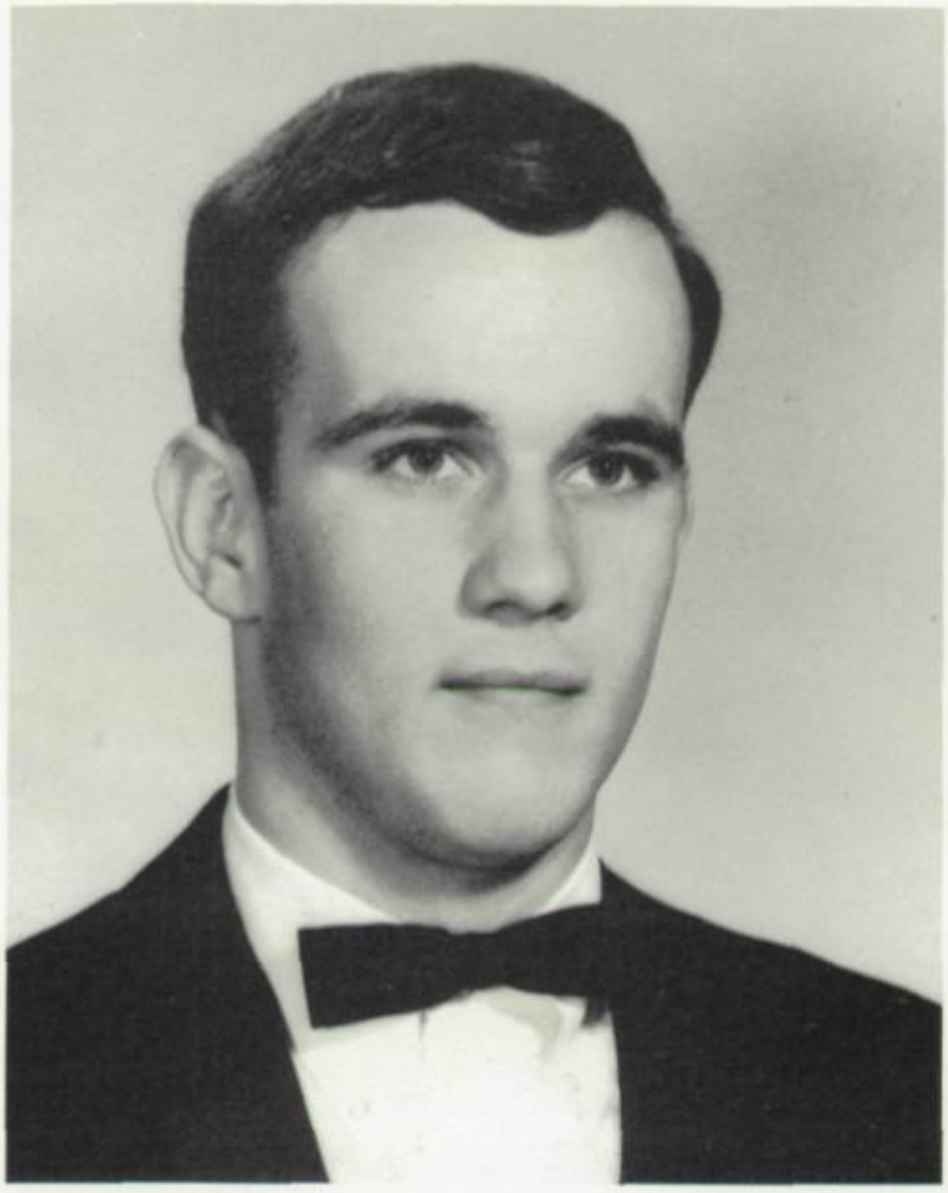
For the last four years there has been somewhat of a mystery around campus. No one has ever seen Doug arrive here in the morning. He just seems to appear in room seven everyday. Well, the answer was finally discovered through an inside source. Doug procured a ride to school with a different day student each day.

Doug has taken advantage of several extra-curricular activities such as track, Science Club, Seahorse, cross-country, and Headmaster's List. During his freshman year he was class secretary.

As it stands now, Doug wants to become a world famous lawyer. For this reason he has had many a fine argument with the Colonel. However, should he decide to abandon the career in jurisprudence, there is always the well-established family business from which to earn a livelihood.

Roy Timothy Tepper, Jr.

Richmond, Virginia

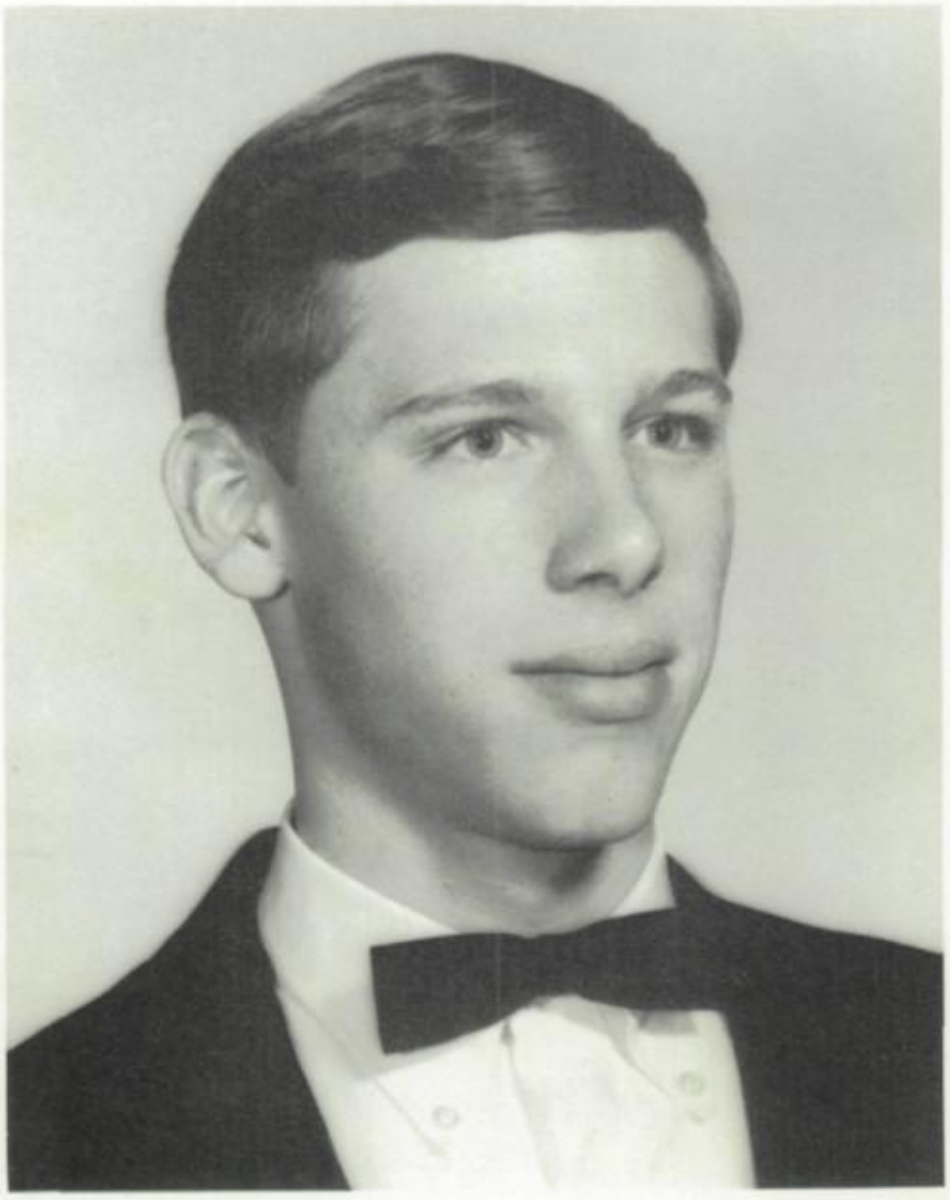


Four years ago "Tep", wearing a Gant shirt and Weejuns, arrived at Christchurch from the westend of Richmond. We were instantly impressed by his casual good humor and by his athletic, academic, and leadership potentials.

Tim has lettered in both football and basketball. He was the co-captain of the basketball team during his junior and senior years. Because of his prowess and leadership, Tim has gained the office of vice-president of the Varsity Club. In addition to this, he is a member of the Science Club, Honor Council, Judiciary Board, and has served as a class officer.

He has constantly held the Headmaster's List standing and has been in the top of his class each year. Because of his fine record, Tim has received an academic scholarship to Hampden-Sydney College.

Tim has made many fine contributions to all phases of the school. We shall miss him, and we wish him the best of luck in his college career.

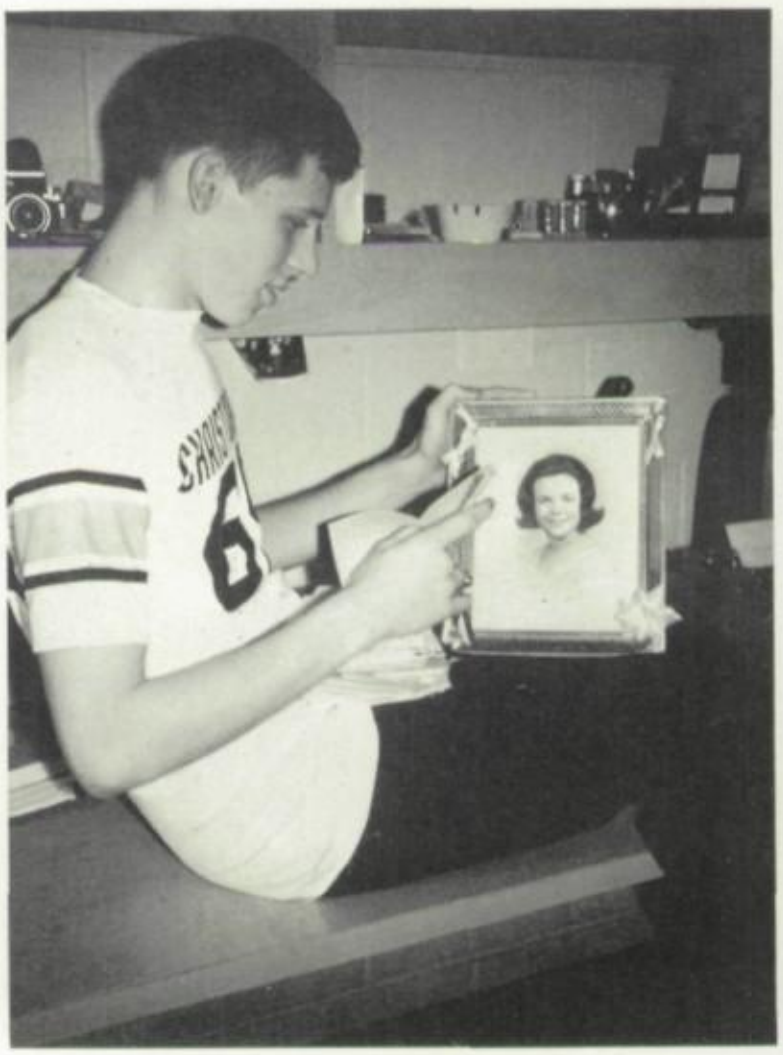


Patrick Donnally Thrasher

Norfolk, Virginia

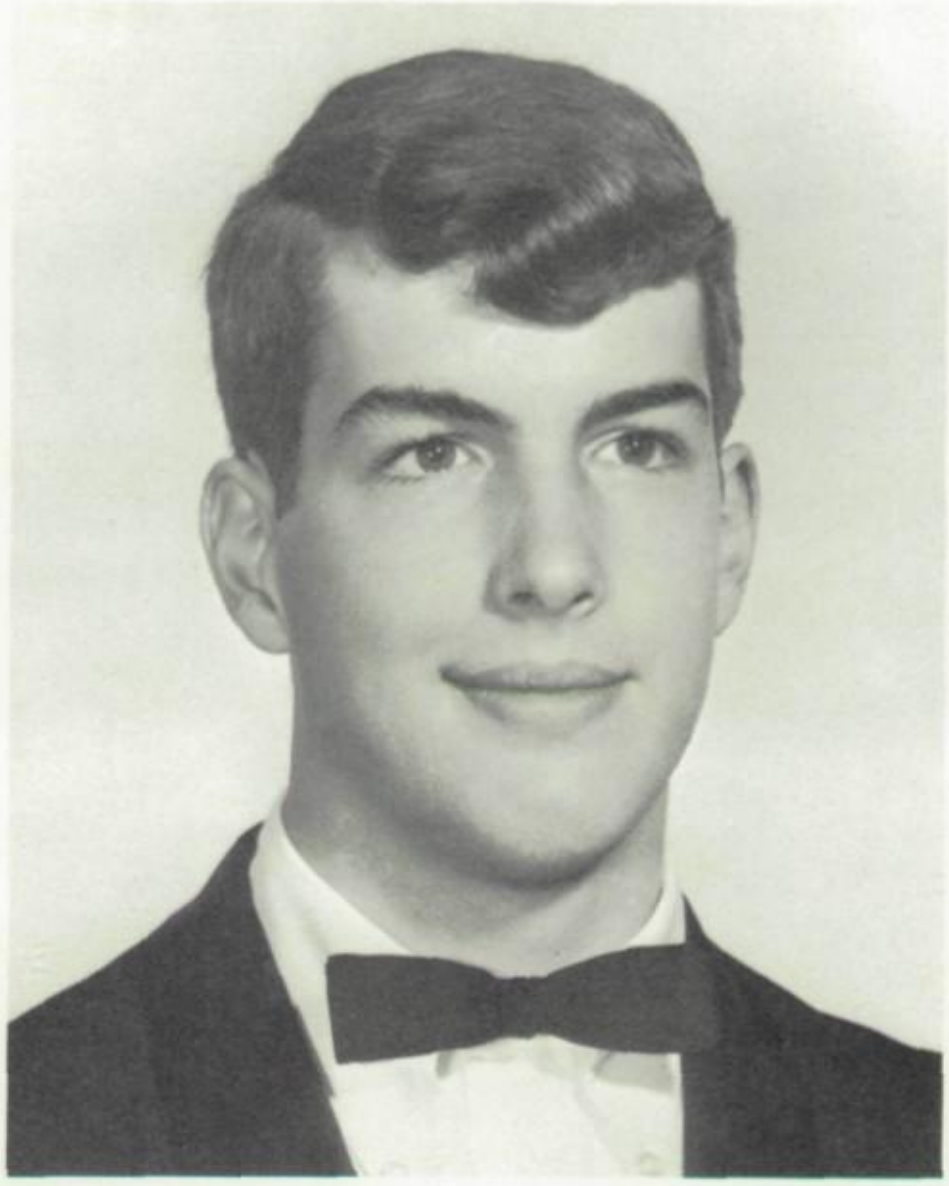
Pat, alias "Bee-Bop" has been one of our Norfolk representatives for two and a half years. During this time he has participated in J.V. football, soccer, varsity track and soccer and has been the managing coach for J.V. football. He has also served on the photography staff of the *Tides*.

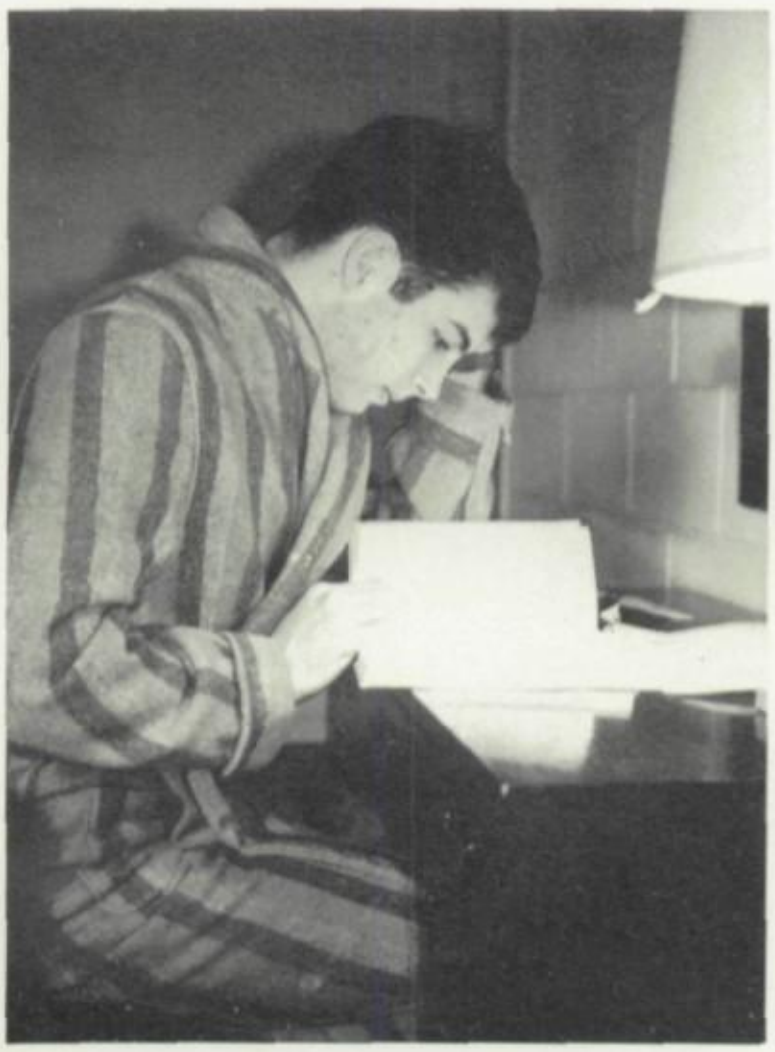
His hobbies include surfing, hunting, water-skiing and photography. Having been on the Headmaster's List during his junior year, Pat Hopes to be graduated from Hampden-Sydney College with a B.S. degree and work further to obtain an M.D. Good Luck!



William Alexander Tinsley

Marshall, Virginia



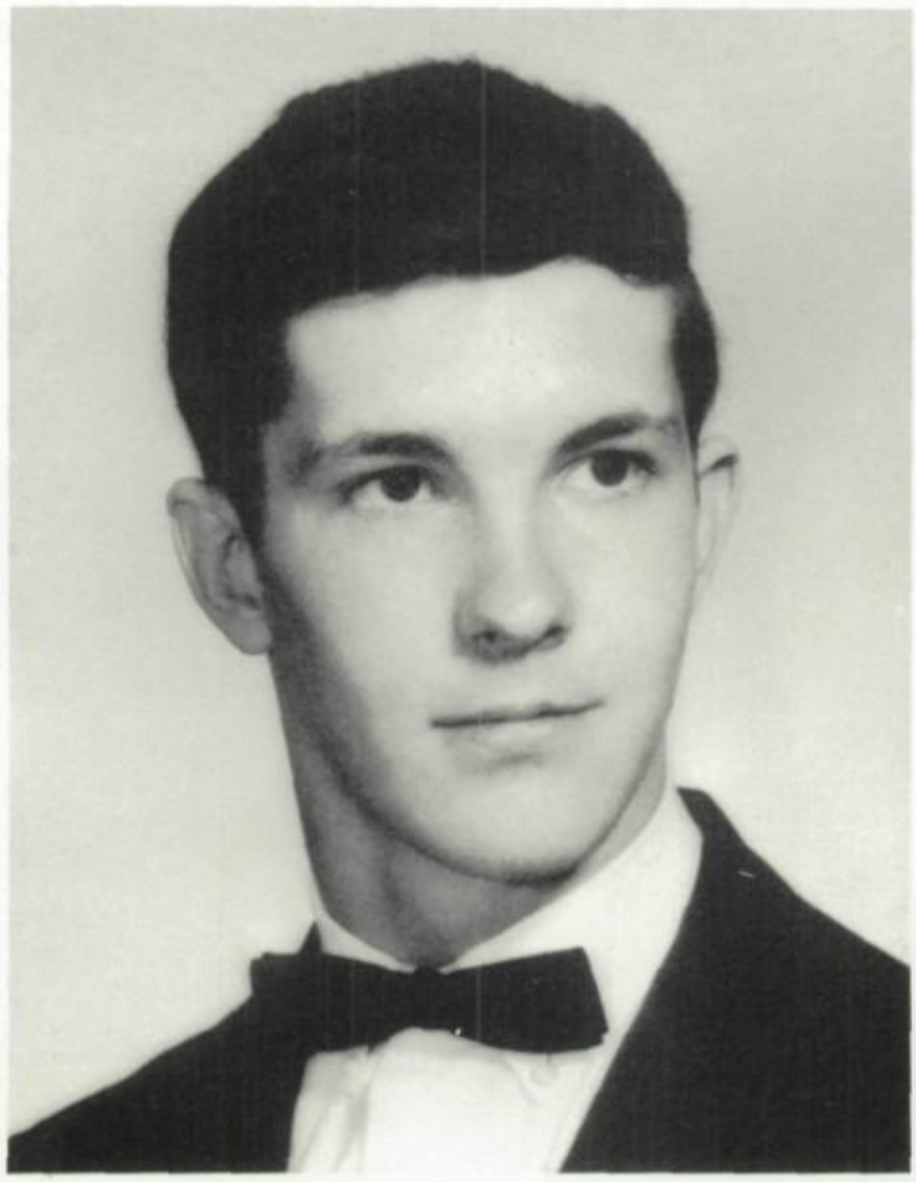


Alex journeyed over paths and backwood trails from Marshall, Va. and has stayed at Christchurch for four years. This shows he has some fortitude. All his friends know him as Alex; This is pronounced with a drawled "a" as in aaaagrarian.

Alex lists his activities as *Tides* sports editor, Seahorse writer, Science Club, some basketball. varsity baseball, and Headmaster's List. All this is quite impressive when one considers the vegetation involved.

He states his hobbies as Advanced Senior math, not to mention his mooching and appropriating, keeping his roommate awake and bored.

Alex's ambitions are learning how to talk without a southern accent, or just learning how to talk, going to the University of Richmond, and becoming a Latin teacher.



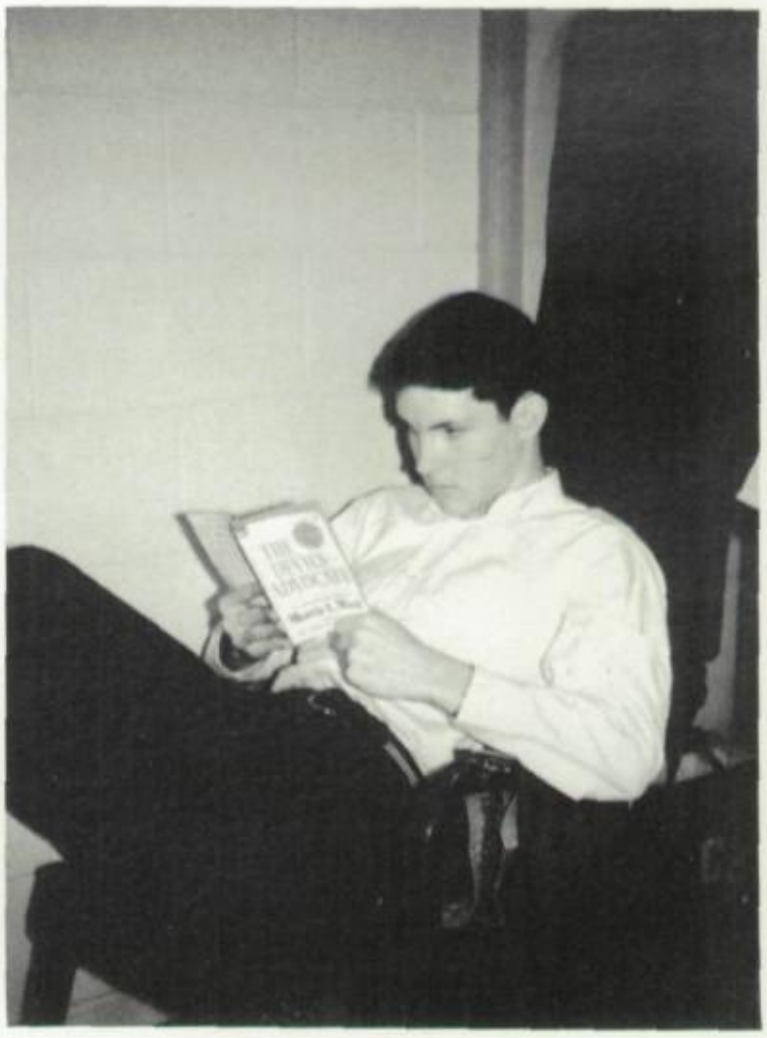
Joseph Turner Warren, Jr.

Staunton, Virginia

It was a rainy day in the fall of '61 when Joe Warren first arrived on the Christchurch campus. On some occasions he insists that it has not stopped raining since then. Those first few days can be plenty tough to a lonesome freshman. However, we found that it did not take long to become friends with Joe. He is a quiet person with whom everyone gets along. For the past two years he has been the class secretary and treasurer and has done the jobs well.

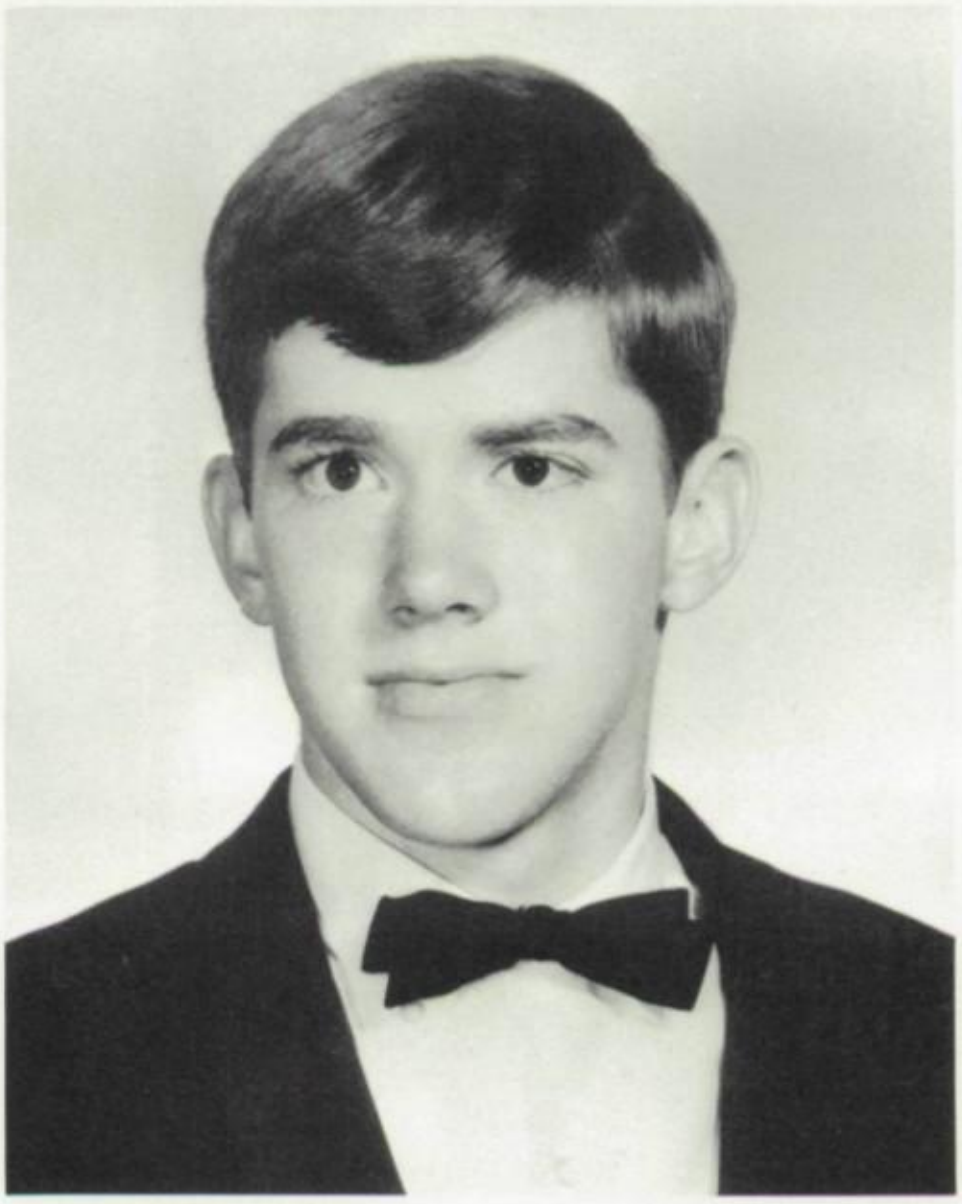
When it came time for sports, Joe was not so quiet. He has played varsity football, soccer, and track. For several years he has been a member of the Varsity Club. It is easy to see that he has been a big help in all phases of school life.

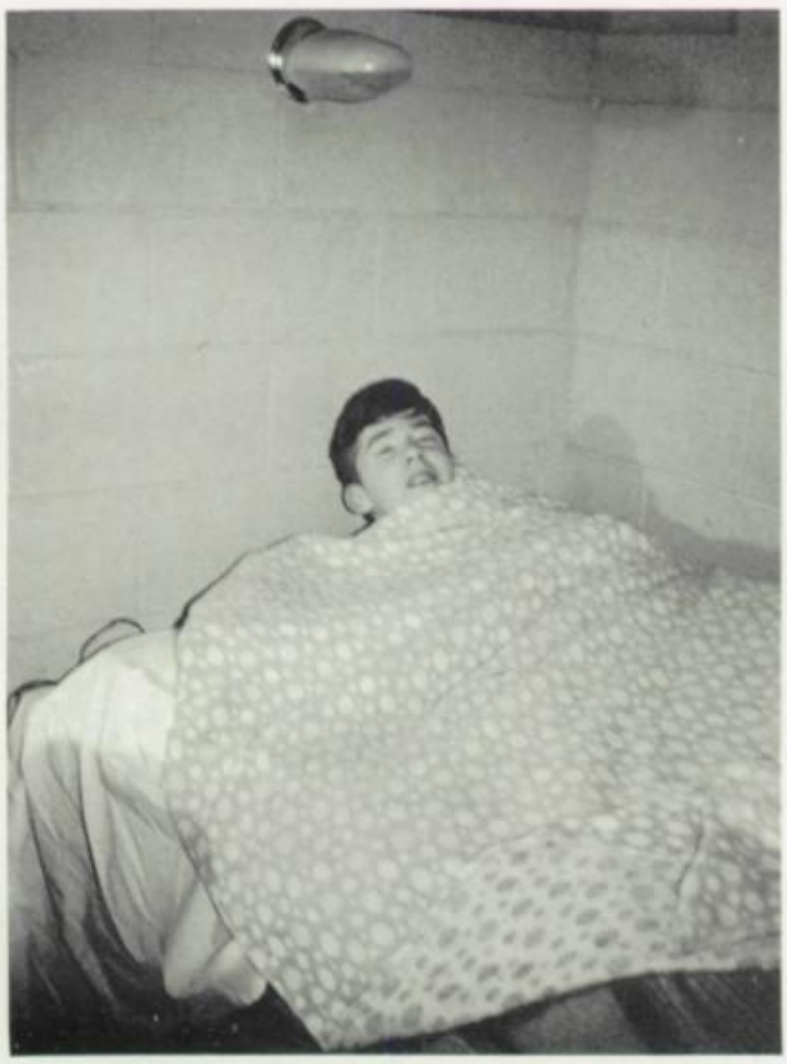
Joe leaves us to enter college. We all wish him the best of luck.



Richard Michael Whittington

Alexandria, Virginia

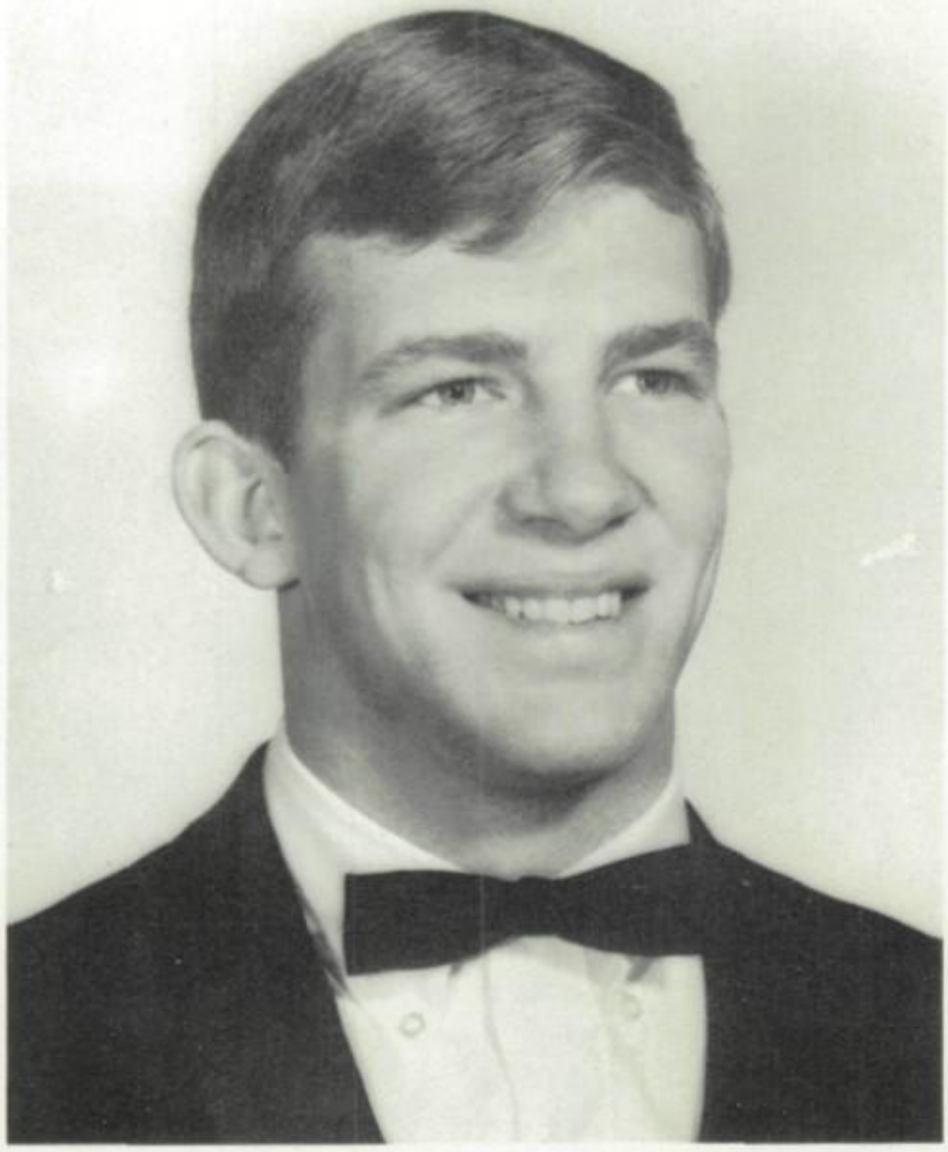




Dick came to Christchurch indirectly from Alexandria. During his two years here, Dick has participated in J.V. and varsity soccer, and was a cartoonist for the school paper. He has been consistently on the Headmaster's List.

Richard, whose leaness has gained him the nickname of "Whip", derives pleasure from such terrestrial pastimes as sleeping, taking vacations, avoiding work, drawing, and shooting the bull after lights.

Richard's wish, concerning a future vocation is uncertain. We wish him the best of luck when he finds that occupation which suits him best.



James Baker Richardson

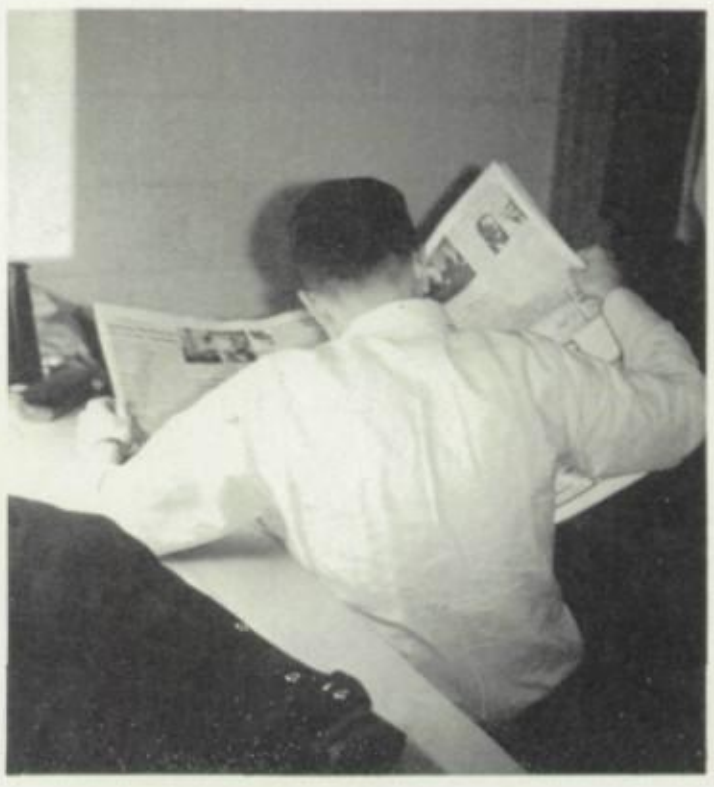
Hampton, Virginia

Jim, who goes by the name of "Root", declares his residency in the illustrious seaport of Hampton. After one year at Christchurch, Root still holds his amiable personality, his subtle mannerisms, and his position as one of the foremost philosophers of the P.X. smoking area. Jim will be remembered as one of the most outstanding punting guards that Christchurch has had in its history of football.

During Jim's stay at Christchurch, he has probably gone home more than any other student. Home to Root means indulgence in the evils of society and enjoying a respite from the rigors of school life. Jim says that upon graduation he intends to go to college and major in fun and play. We know you are only kidding, or are you?

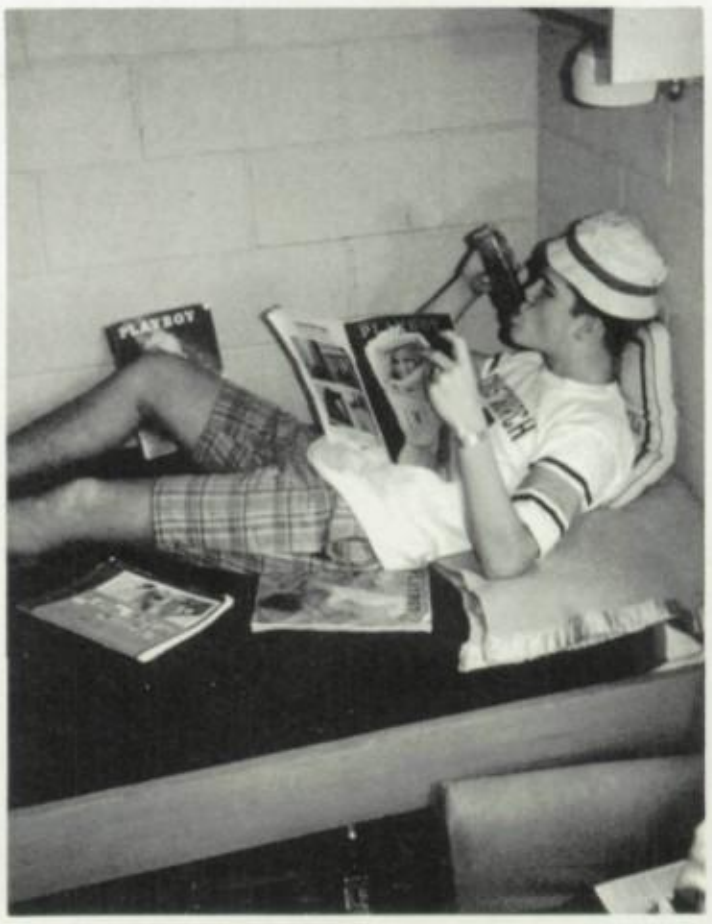
Three J's enjoy a Sunday night supper?

It takes all kinds!



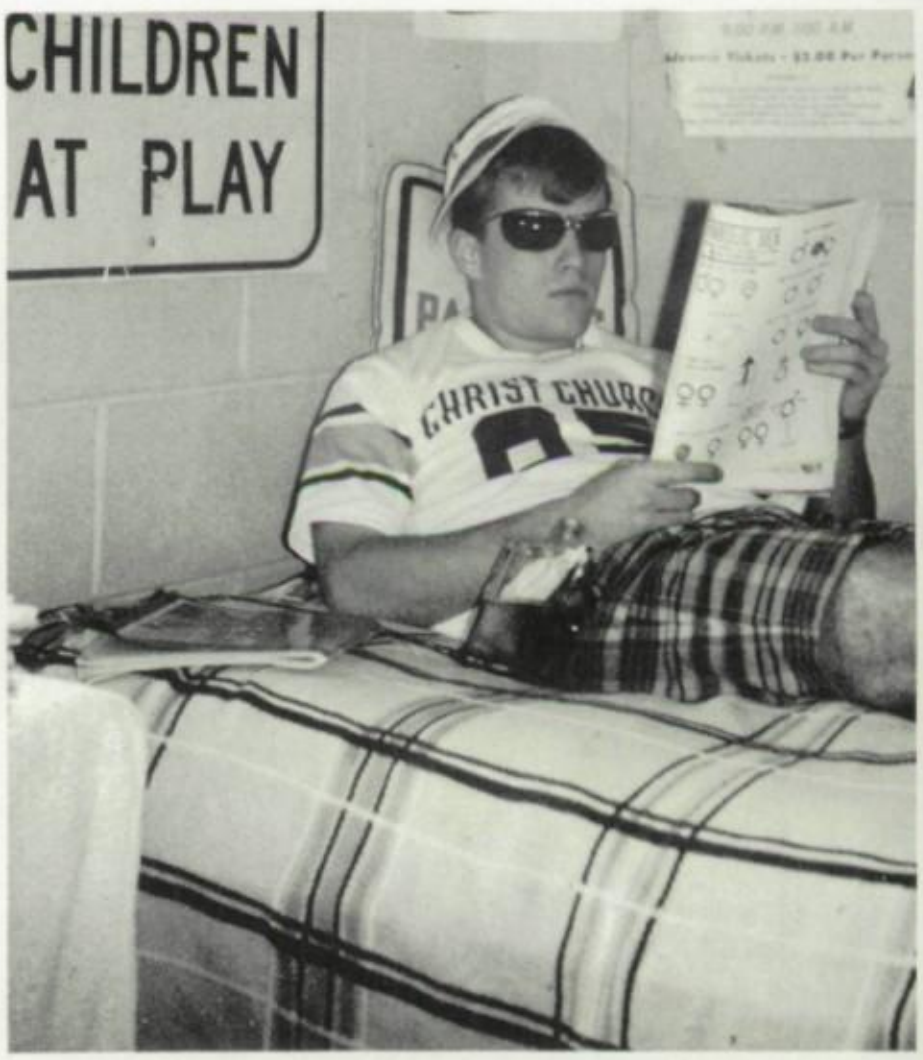
Jack was camera shy!

Willson has HIGH hopes.



Is this Buddy or John?

Tim and Tom have time for television?



Is this John or Buddy?

Activities

Student Council

The purpose of the Student Council is to bring about a closer relationship between the students and faculty. The membership is made up of the officers of the classes with the Dean of students serving as advisor.

Seated left to right: Warren, Lawson, Farrar, Ambrose, Soucek. Standing left: Edgerton, Murgatroyd, Flemer, Kinzer.

Seated left to right: Barlow, Tepper, Soucek, Boone, Buchanan, Ambrose. Standing left, Lawson, Farrar.

Honor Council

The most cherished possession of Christchurch is the Honor System. The Honor System and Honor Council offer the student body as a whole and the student as an individual an opportunity to govern himself and his school life.

The Council is composed of the president and vice-president of the Junior and Senior classes plus four elected monitors. The Headmaster serves as chairman.

Seated left: Tepper, Smart, Warren, Gonzalez, Foster, Smith. Lipscomb, Craigie. Second row left: Lawson, Hawthorne, Harper, Oakes, Soucek, Jamieson, Ambrose, Farrar. Third row left: Barlow, Everhart, Gant, Messer, Buchanan, Boone.

Monitors

The monitors are student leaders selected by the student body and faculty. Their function is to assist the school administration and to lead the students in the support of the school. The monitors are given considerable authority and responsibility, and they are supported and governed by the faculty.

Chapel Vestry

Much time and effort lie behind our services of worship. This is given primarily by the Vestry whose members are the core and backbone of all activities of the Chapel.

It is the duty of the Vestry to determine how the money collected is to be spent. It is used for missionary funds and local needs.

Left: Purnell, vestryman; Elliott, junior warden; Barlow, Sacristan; Boone, senior warden; McNeer, vestryman.

Left: Barlow, Motsinger, editor in chief; Ambrose; West. Standing left: McNeer, Tate.

The Seahorse

The Seahorse is the Christchurch School newspaper put out by the students. Copies of the Seahorse are sent to parents and alumni, to whom a section of the paper is devoted. Mr. Casey is the faculty sponsor.

Social Activities Committee

The Social Activities under the joint sponsorship of Messrs. Taylor and Lunsford, plan and present the three major school dances of the year as well as the numerous informal parties with girls from sister schools.

The Steering Committee of the Social Activities consisted of Lawson, Craigie, Farrar, Jamieson, Baer, and Lipscomb.

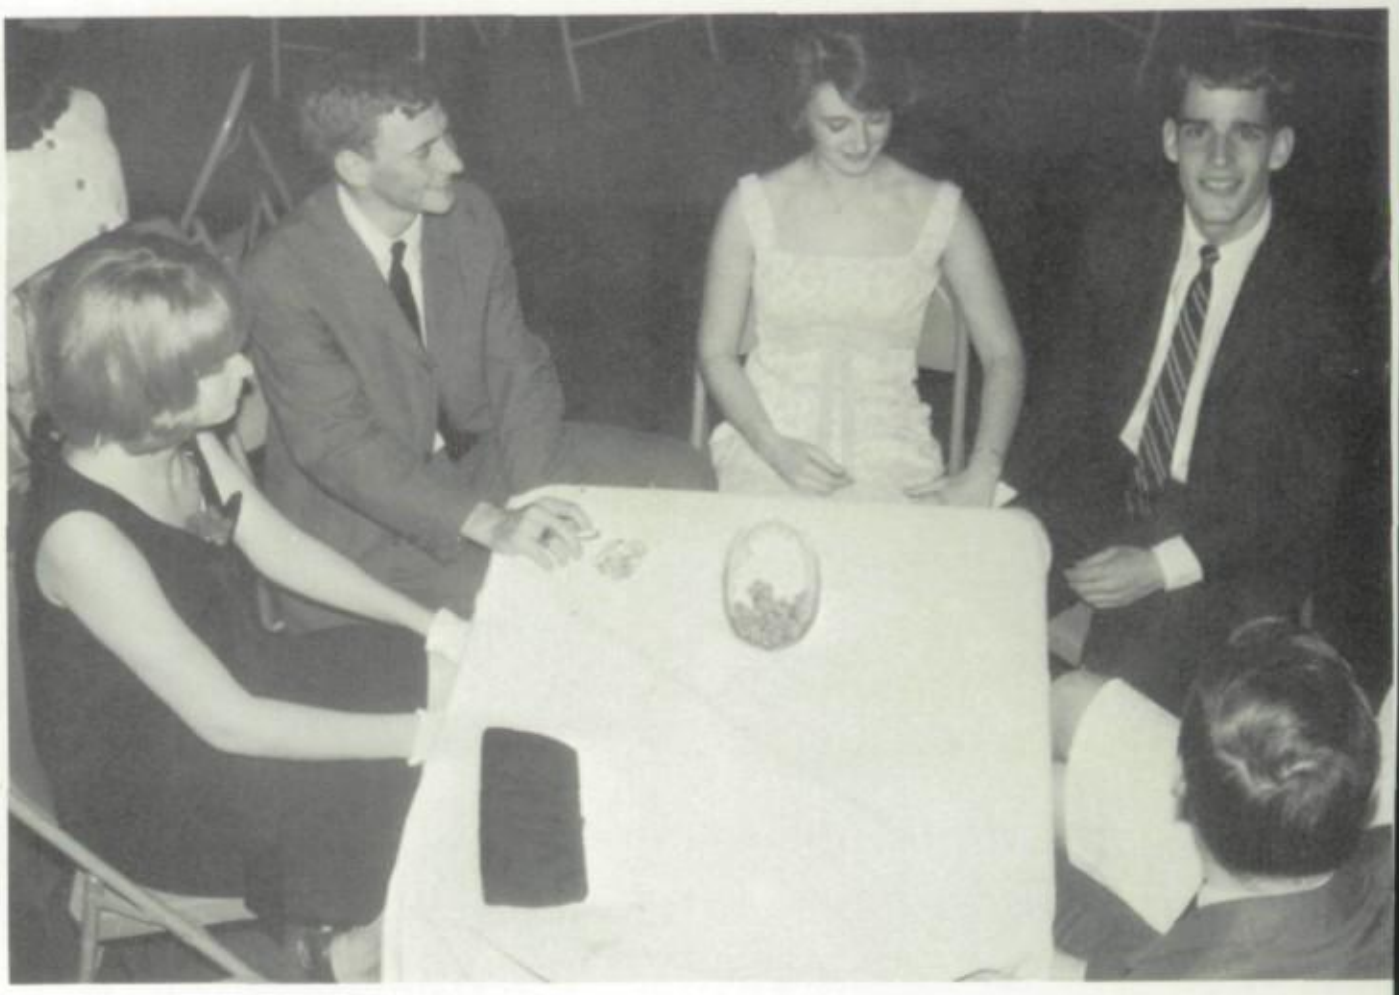
Mrs. Riley assists at the punch table.

Mr. Yarbrough greets a guest.

Mr. Davies watches the decorations go up.

Lots of handshaking in the receiving line.

"But, John, I still say we can't play six-handed bridge!"



You name it, we dance it!

Mr. Brown came around to play "Downtown" at the Athletic Banquet.

"OK, so you've got 43% less cavities!"

A quiet moment at the Athletic Banquet.

A rehearsal scene from the play, "See How They Run."

McDonald, Kip, Kail, and McClure watch the Homecoming bonfire.

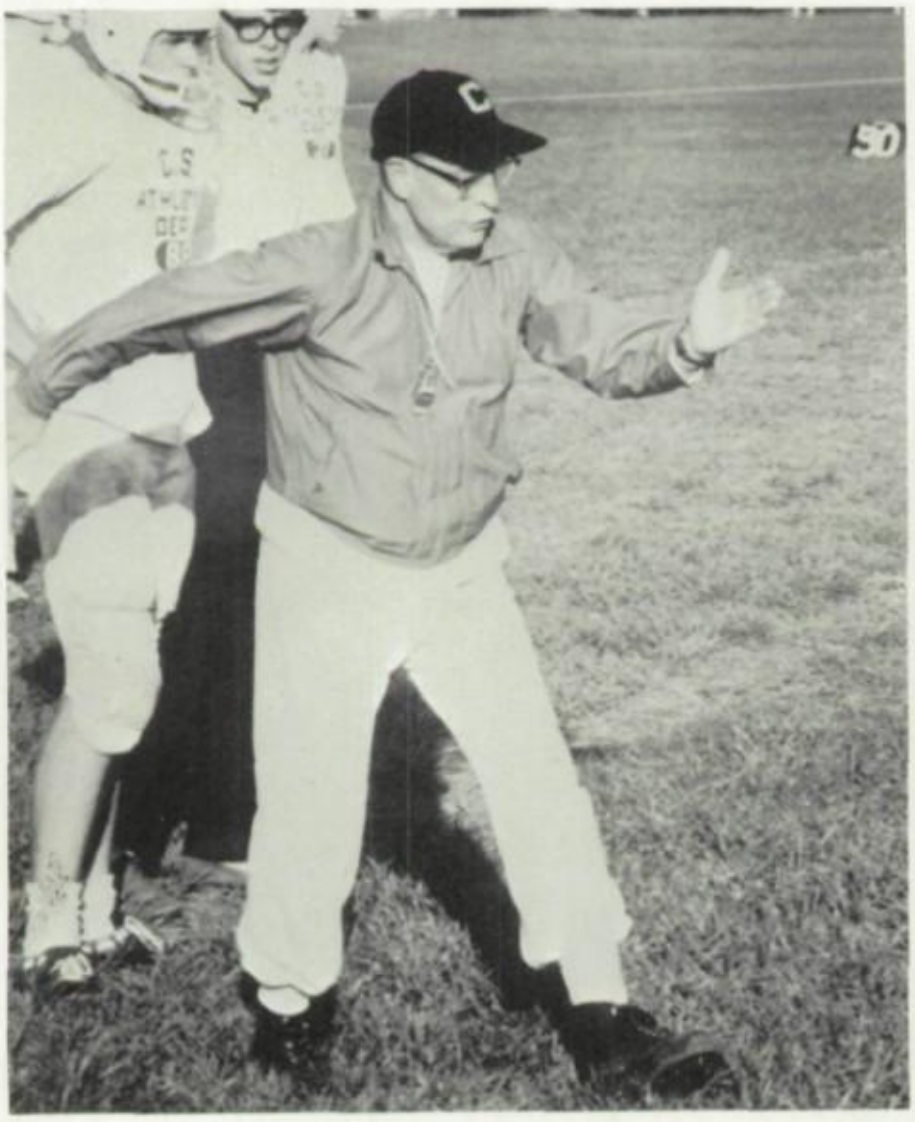
Some of the cast of "See How They Run."

The 1964-65 Christchurch School Choir

Choir

The choir, under the expert direction of Mr. Wyatt, furnishes music for the chapel services and special occasions. The choir also made several visits to other churches.

Game watchers at work



And awaaaaay we go!

Testing the track?

1965 SUMMER SESSION

JUNE 19th TO AUGUST 7th

Condensed Statement

☆ Christchurch School, located in the historic Tidewater Region of Virginia, has for more than four decades been influencing young men with its Christian education in a friendly community.

☆ The Summer Session, dating from 1952, is an integral part of Christchurch School. Students come to the Summer Session to combine the experience of boarding school life with the opportunity for serious study and academic achievement, in an atmosphere that also provides a wholesome recreational program.

☆ Instruction on a pre-ninth grade level and grade levels 9-12 make up the curriculum. Summer Session courses are offered in two categories: major courses and minor courses. Major courses meet twelve hours per week, and minor courses meet six hours per week.

☆ A major course is the equivalent of a similar full course taken during the regular academic session at Christchurch School. Some minor courses offer advanced work, but no credit. Other minor courses are designed to strengthen a student's weak areas of academic preparation.

☆ Sports and recreation include supervised programs in swimming, boating (sailing), baseball and softball, volley ball, tennis water polo, and fishing in the Rappahannock River and the Chesapeake Bay. Weekly events include dances with nearby girls' schools, trips to ball games and historical sites or informal concerts on campus.

☆ The fee of $675 includes tuition, board, and room. The application fee of $25 is a separate charge and is not refundable. The required medical insurance and transportation is provided at a cost of $20. Corrective and Developmental Reading are offered, for which there is an additional charge of $85.

An opportunity for serious study
and wholesome recreation
